REPORT TO ATTACK COURT PROPOSAL

\$400,000 WPA Project Assured By Action Of Board

WORK DUE TO GET STARTED JULY FIRST

A \$400,000 WPA project for roadside clean-up and planting, which will provide employment for 500 men for a year, was approved by the county supervisors late yesterday, when they authorized Chairman Willard Smith to sign a contract for the project with WPA.

The county's share of the cost will be \$17,000, WPA supplying the balance, including all labor and most of the materials to be used.

The project will start after next July 1 and extend throughout the fiscal year.

Advocated by Mrs. W. T. Kirven, of Garden Grove, state chairman of child welfare in the California P-T. A., a project of employing two nurses in Orange county, to assist in home maternity cases, was approved by the board.

The county's cost would involve merely providing a desk and telephone in the county welfare department for use of the nurses. The project would be sponsored under the federal social security program, which involves ten points, one of which is such nursing service in homes where the mother is not eligible to admission to the county hospital, but lacks funds for private hospitalization.

Pay Of City Employees To Be Boosted

All Anaheim city employees will receive increases in salaries for the fiscal year starting Saturday, the average increase running about 7 per cent or approximately \$10,500 over last year's payroll, which was \$151,050.89. Action to boost employees' pay was taken at last night's council meeting.

Many employees work on the hourly basis and they are receiving approximately the same percentage of increases, although under various departments this may range from 1.7 to 16.3 per cent.

The Anaheim city auditor has been raised from \$150 per month to \$160; assessor, \$193.50 to \$210; attorney, \$150 to \$160; police judge, \$110 to \$125; janitor, \$100 to \$110; tax collector, \$123.80 to \$135; light and power superintendent, \$250 to \$265; engineer, \$250 to \$265; assistant engineer, formerly employed on an hourly basis paying him about \$162, raised to \$190 by the month; building inspector and fire chief, \$225 to \$250; park superintendent, \$200 to \$220; social welfare chairman, \$50 to \$75; street superintendent, \$150 to \$165; comptroller, \$157.50 to \$170.

Light and power inspector, \$185 to \$190; store room superintendent, \$155 to \$170; plunger superintendent, \$125 to \$135; street cleaner, \$145 to \$155; garage superintendent, \$185 to \$200; public service messenger, \$65 to \$70.

Firemen, who were receiving \$140 per month will receive \$150. The police chief who is raised from \$225 to \$240. Officer Ted Wilder is being promoted to the position of sergeant at \$165 with Officer M. A. Stephenson as relief sergeant at \$155. Desk sergeants are increased from \$140 to \$150, with third year patrolmen receiving the same. First year patrolmen would be raised from \$120 to \$130 and second year from \$125 to \$140, according to the new scale. Motorcycle officers will receive \$165.

WITNESS SEEKS INTIMIDATORS

Wide-eyed with apprehension, Lawrence Howard (center), Harlan county, Ky., miner, stands at the door of the Senate Civil Liberties Inquiry room at Washington, D. C., to watch spectators file out in an effort to identify four men who, he charges, menaced him after earlier testimony about anti-union activities of officials. Howard said a death threat had been telephoned him.

OVER 12,000 HOMELESS IN FLOOD AREA

(BY UNITED PRESS)

At least 21 persons were dead and 12,000 homeless today as flood waters spilled over parts of four eastern states and sections of western Ontario.

Property damage was estimated at \$10,000,000.

Eight persons were dead in Virginia, where the swollen waters of the Rappahannock, James, Rappahannock and Potomac rivers overflowed, causing damage of approximately \$1,000,000.

Five were killed in western Pennsylvania and two in northern West Virginia and eastern Ohio. Property damage, while heavy, was not as great as in the St. Patrick's day flood last year which caught residents unprepared.

In western Ontario, six persons were dead and damage was placed at \$8,000,000. Although rain fell late Tuesday, the Thames river receded and danger was considered past.

Swollen Streams Recede

Virginia streams also receded and rehabilitation work started. Fredricksburg was hardest hit. Five were killed, hundreds of families left homeless and damage was estimated at \$500,000. The Potomac flooded low lying parks around Washington's tidal basin, inundating the famous Japanese cherry trees.

Supervisors To Protest Brea Radio

Contending that Brea's new police radio, tried out on the air for the first time Monday evening, interfered materially with Orange county police radio calls, which occupy the same wavelength, the county supervisors late yesterday took steps to block the Brea broadcasts.

Protest Authorized

On motion of Supervisor Harry D. Riley, who had made an unsuccessful attempt to talk the Brea council out of its radio project, the supervisors authorized Chairman Willard Smith to file a formal protest on behalf of the county with the federal communications commission, in charge of radio regulation.

Riley reported that Brea councilmen appeared to have no knowledge of the management or cost of the city radio, apparently having left everything in the hands of Police Chief W. H. Williams, who had informed the council that the operation of the radio would cost no more, perhaps less, than the previous cost of telephone calls.

These calls, Riley was informed, cost an amount to about 75 cents per month. Supervisors looked politely incredulous at this claim of operating a radio station for 75 cents per month. They operate one themselves.

Pain In Neck

That however, wasn't what concerned them. Riley reported that Brea's radio broadcasts calls to all its city employees, in street, sewer or other departments, instead of restricting calls to police and fire departments. Monday night's experience with Brea interference was a pain in the neck to the county radio station, he intimated.

Bill On Slot Machines Turned Down

SACRAMENTO, Cal., April 28.—(UP)—Proponents of a bill to legalize gambling in California met with failure last night in a hearing before the senate revenue and taxation committee.

By a vote of 4 to 3 the committee refused to recommend a bill by Sen. Dan Williams, Sonoma, which sought to license slot machines on a sliding scale basis. Sixty per cent of the proceeds would have been used for old age security.

Sponsors argued such legislation offered the state a means of revenue from "what is now being done illegally anyway." Machines would have been forced to pay out on a 50-50 ratio under terms of the act.

OPPONENTS GET SUPPORT OF SENATORS

WASHINGTON, April 28.—(UP)—Three Democratic members of the senate judiciary committee—Pat McCarran, D., Nev., Joseph C. O'Mahoney, D., Wyo., and Carl A. Hatch, D., N. M., committed themselves against President Roosevelt's supreme court bill today, making certain an unfavorable report to the senate on the measure calling for addition of six justices.

The shift of the three from the ranks of uncommitted senators to the opposition was one of the most serious blows suffered by the president in his campaign to enact the judiciary reorganization bill.

Both McCarran and O'Mahoney indicated that they would approve an increase in the supreme court by two justices if it were shown that additional work had been put on the high tribunal.

Hatch also has suggested an amendment to the court bill providing for an increase of one justice a year in order to provide for increased business before the tribunal.

COUNTY BOARD OPPOSES RANCH

Although taking no formal action, the county supervisors indicated late yesterday that they will refuse a permit for establishing a hog ranch at Wintersburg avenue and Wright street, in the Fountain Valley district.

Following a protest yesterday by residents of the district, supported by the county farm bureau and Huntington Beach chamber of commerce, the supervisors made a trip of inspection to the premises during the noon hour.

At the afternoon session they took no action, but Supervisor John Mitchell, who is leading the board opposition to locating the hog ranch in his district, announced that it was agreed that no permit would be allowed. Mitchell contends that the location of the proposed hog ranch is in violation of provisions of the land-use ordinance, which prohibits such a project within 500 feet of occupied dwellings.

The question remained today whether the permit already granted of the hog ranch under the sanitary ordinance, by the county health department, would be of any effect. Dr. K. H. Sutherland, county health officer, announced several days ago, that the permit was contingent upon the granting of a permit under the land-use ordinance, by the supervisors.

The Land 'N' Feeding corporation, of Long Beach, said to be under Japanese ownership, is applicant for the permit, having purchased the 50-acre site from W. B. Williams, of Santa Ana, for the purpose of establishing a hog ranch.

PRESIDENT ON VACATION TRIP

ABOARD PRESIDENT ROOSEVELT'S SPECIAL TRAIN, April 28.—(UP)—President Roosevelt relaxed today from two days of overtime work as he headed south toward the Gulf of Mexico for a spring fishing vacation.

The president's special train will arrive at New Orleans shortly after noon tomorrow. He will board the U. S. S. Potomac later that afternoon for tarpon fishing off the coast of Texas.

Mr. Roosevelt will return to Washington Thursday, May 13, after short stopovers in Galveston, Tex., where he will leave his U. S. S. Potomac; College Station, Tex., and Fort Worth, Tex., the home of his son, Elliott.

Before reaching New Orleans, the president will leave his train at Biloxi, Miss., to motor the 13 miles to Gulfport. He wanted to see Jefferson Davis' ancestral home, now a veterans' hospital located between the two gulf towns.

In the past two days the president has signed the Guffey coal bill and appointed a seven-man national coal commission; intervened in the threatened strike of 25,000 eastern railroad workers and studied justice department recommendations for a study of federal anti-trust laws.

FEDERAL FARM OFFICIAL HERE

Carl Nichols arrived today from Berkeley, Calif., to take over the duties of county rural rehabilitation supervisor for the federal government.

Nichols succeeds F. E. McCarter, who has been appointed district supervisor for the south half of the state of California. His territory will be from San Luis Obispo county to Imperial county.

Headquarters for both Nichols and McCarter will be in room 226 Romona building.

Nichols for three years was associated with the federal land bank in Berkeley and recently completed a survey of citrus lands throughout the entire state of California and the Rio Grande valley in Texas. Nichols is a citrus expert. For many years he lived in the Garden Grove district and is well known among citrus growers of the county.

The rehabilitation service, according to Nichols, is making a survey of agricultural conditions in the county and is prepared to make loans to the rural communities. Loans will be made on seed, orchard heaters and other necessities, Nichols said.

NEW HIGHWAY OPENED FRIDAY

Friday at 11 a.m. Earl Lee Kelly, state director of public works, will cut the ribbon, or in this case two ribbons, which will officially open Manchester boulevard, two and a half mile dollar highway connecting Santa Ana and Anaheim with southeastern Los Angeles and the ocean.

Ceremonies are scheduled at Broadway and Manchester in Anaheim, which section of the road will be temporarily closed off for the event, but participants and visitors are asked to meet at the Anaheim city hall at 10:30 a.m. to proceed in parade formation to the spot.

The Anaheim union high school band will lead the parade and will open the program with music. Mayor Charles H. Mann will welcome the assemblage, with P. A. Stanton, highway commissioner and resident of Anaheim, who has carried the fight for Manchester's completion through the state authorities since the project's inception, giving the first of the two principal addresses.

Kelly will give the second address, concluding with the cutting of the two ribbons, to be extended across Manchester and entwined by Betty Ruth Boney of Anaheim, and Virginia Meyer of Norwalk.

Following the event the many notables who have accepted invitations to be present will be entertained at the Elks club for luncheon, with the public also invited to attend.

OPEN DRIVE ON PRICE BOOSTS

WASHINGTON, April 28.—(UP)—New Deal assault against what President Roosevelt has characterized as the danger signal of rising price spirals today developed new impetus to drives against monopoly and speculation.

Developments revealed President Roosevelt was moving on a broad front against a situation which three weeks ago he declared contained the germ of economic regression.

Action was displayed in four closely related fields:

Attorney General Homer Cummings proposed a new and thorough study of the anti-trust and monopoly situation, citing "the present tendency to increase prices and a necessity for corresponding increase in vigilance."

The president, in a letter to Vice President John N. Garner, urged that congress sidetrack the Miller-Tydings fair trade bill because of fears it might encourage monopolistic practices and price rises.

Mr. Roosevelt cited the unfortunate effects of stock speculation on average citizens. His remarks were an extension of a suggestion that stock speculation be prohibited among government employees.

The justice department moved forward with its demand for dissolution of the Aluminum Company of America in a case brought under the anti-trust laws. The action cited specifically a recent rise in price of virgin ingot aluminum.

The president's anti-trust move won strong support from Sen. William E. Borah, R., Ida., long time foe of monopoly.

Borah declared that "a thorough investigation will disclose that prices are being pushed up beyond any normal increase through monopolistic practices and through combinations and trusts."

OPEN FIGHT ON BEACH DRILLING

A dispute over the old question of direct vs. indirect development of the Huntington Beach oil deposits got away to a flying start in the state assembly late yesterday when members, after a sharp debate, agreed to withdraw the Olson bill from the oil industries committee by a vote of 62 to 7, according to a United Press dispatch to The Register.

Seeking to block the movement, Assemblyman Ralph Welsh, Los Angeles, chairman of the committee, said the Olson measure was not acceptable to the committee because it would force the state to enter the oil business if no bids were received from private companies for drilling the field.

Assemblyman Hugh P. Donnelly demanded that the bill be brought to the assembly so members could determine its contents for themselves, "rather than accepting what Welsh says it contains."

Assemblyman John Pelletier, Los Angeles, joined the plea that the Olson measure be considered on the floor.

Members refused to act upon an amendment to give the city of Huntington Beach a percentage of the royalties with which to finance fire and police protection incidental to development of the field. Several insisted the same amendment should be placed in each of three other bills.

The other bills, listed with Olson's for debate were introduced by Assemblymen John O'Donnell, James J. Boyce and Ralph Welsh.

PLAN VISIT TO CANYON GARDEN

Flower lovers of Santa Ana are invited to visit the Rancho Santa Ana Botanic gardens, Saturday, which has been set aside as the annual Santa Ana day at the garden.

Howard I. Wood, secretary of the Santa Ana Chamber of Commerce, who has headed the group making arrangements for the event, said that this is the only Saturday during the season on which the gardens will be open to visitors. As on the regular Friday visiting days at the gardens, admission will be by card only. These cards may be obtained from the chamber of commerce.

Wood said that Mrs. Susanna Bixby Bryant, founder of the institution, agreed to set aside Saturday as Santa Ana day because of the number of high school and junior college students and faculty who have indicated their desire to visit the gardens.

Tables are available for picnic parties but must be reserved in advance.

In addition to the portion of the gardens set aside for the propagation of wild flowers, a portion of particular interest to Santa Ana visitors is the plot devoted to the propagation of plants native to Orange county.

SANTIAGO DAM SAVINGS CITED

Farmers in Orange county have been saved \$430,000 in pumping costs as a result of the dam in Santiago canyon, according to Willard Smith, chairman of the county board of supervisors, who addressed members of the Associated Chambers of Commerce at the group's monthly meeting in Garden Grove last night. This figure, he said, represents the amount of water that has been used from the reservoir for irrigation purposes.

At the present time, Smith said, there is approximately \$300,000 worth of water stored in the San- yago lake. Since March 14, he said, \$123,300 worth of water has flowed over the spillway, representing a total loss for irrigation purposes. To remedy this situation as far as possible, the lip of the spillway has been raised 20 feet, thereby making it possible to store an additional 2000 acre feet of water in the lake.

Harry Riley, supervisor from Anaheim, was also called upon to discuss the water situation. In his report, Riley said that it was only through Providence that serious flood damage was avoided along the banks of the Santa Ana river during the flood season this year. He pointed out that it cost the county \$18,000 for emergency work along the river banks this year, and estimated that approximately \$600,000 worth of water had been wasted because there are inadequate facilities in the Santa Ana river basin for storage.

Floyd McCracken, Anaheim, acted as program chairman at last night's meeting. Following the two addresses, it was announced that the organization's board of directors will meet next Tuesday at 7:30 p. m. in the Santa Ana Chamber of Commerce.

U. S. FILES POWER SUIT AGAINST S. F.

WASHINGTON, April 28.—(UP)—Attorney General Homer S. Cummings announced today that District Attorney Henry H. McPike has filed suit in Northern California federal court to enjoin the city and county of San Francisco from distributing electric power to the Pacific Gas & Electric company from the Hetch-Hetchy hydro-electric project.

SYMPATHETIC STRIKE ALONG AQUEDUCT ROUTE THREATENED

BEAUMONT, Cal., April 28.—(UP)—A sympathetic strike along the entire 300-mile length of the Colorado river aqueduct job was threatened today in support of the walkout of 1000 men at Parker Dam.

Such a strike would affect 80000 men and virtually paralyze the giant project to bring Colorado river to Southern Californians.

An offer of a sympathetic strike was claimed by George R. Huff, chairman of the general negotiations committee of the Parker Dam sub-local of the Tunnel, Subway and Aqueduct Workers' union, a Committee For Industrial organization affiliate.

Huff produced a telegram he said came from the Banning local of the union, which read:

TAFT'S KIN HITS ROOSEVELT PROGRAM

SAN FRANCISCO, April 28.—(UP)—President Roosevelt's New Deal program has stimulated "the spirit of lawlessness and class hatred," Horace D. Taft, brother of the former president, charged today in a talk.

"All the good Franklin D. Roosevelt has done, and I think he has done much, cannot, in my judgment, make up for the enormous harm he has done in the stimulus he has given to the spirit of lawlessness and class hatred," Taft said.

He said President Roosevelt's proposals for reforming the supreme court will undermine respect for law, and defended close decisions.

He also criticized the president for his silence regarding the sit-down strikes.

3000 EXPECTED AT SHOW OF REGISTER

Over 3000 children are expected for the Register free show at the Walker's State theater at 9 a. m. Saturday, R. M. Conklin, circulation manager, stated today.

Coupons, good for admission to the theater, may be found in tonight's Register or may be obtained at The Register office, corner Third and Spurgeon streets.

In addition to films depicting the General Motors Parade of Progress, the official American League picture, "Heads Up," supervised by Lew Forrester, former major league manager, will be shown.

The General Motors film includes "We Drivers," and "Parade of Progress." There also will be animated cartoons, comedies and other films.

ZERMAN IMPROVED AFTER COLLAPSE

A. N. Zerman, 505 South Sycamore, who suffered a slight heart attack while attending a dinner meeting of the Orange County Shrine club in Orange American Legion hall last night, was much improved today, his doctor reported. Taken to St. Joseph hospital after he collapsed, Zerman was treated and will be able to go home sometime today, attendants said.

The attack occurred during the program at which 20 uniformed Shriners from Al Malaikah temple, Los Angeles, took part. Ernest Hurst, representative of Potentate Lawrence Cobb, of Al Malaikah, was in attendance at the meeting.

Lamson's Wife In Adoption Action

LOS ANGELES, April 28.—(UP)—The present wife of David Lamson, who faced four trials on wife-murder charges, sought legal adoption of his six-year-old daughter, Allene Genevieve, in a petition on file today in superior court.

The petition was filed on behalf of the former Ruth Smith Rankin, magazine writer, who married Lamson last July. The girl has been living happily with Lamson and her foster-mother in Hollywood, where Lamson is a film writer. Allene's mother, Allene Thorpe Lamson, was found dead in a bathtub in 1933.

NAVY AIR BILLS RECEIVE APPROVAL

WASHINGTON, April 28.—(UP)—The house naval affairs committee today approved bills for establishment of air stations at Alameda, Calif., and Tongue Point, Ore.

The committee agreed to report favorably a senate bill, with considerable amending, to permit the navy to develop Benton field, which was transferred to the navy by the army, and the field at Alameda, which adjoins it.

GUARDS ORDERED TO FIRE ON PHOTOGRAPHERS AT AIR PLANT

BURBANK, Cal., April 28.—(UP)— Armed guards today were ordered to "shoot cameras out of the hands of photographers" in the vicinity of Lockheed Aircraft corporation following publication of a picture of the mystery stratosphere plane built at the plant.

Following publication of the photo of all photographers and ask questions afterward—but destroy all cameras."

The huge stratosphere plane, said to be the United States' entry into the race for air supremacy, resembles a conventional Lockheed Electra passenger transport.

The photograph, which aroused the ire of plant officials and presumably of army officers, clearly shows the fuselage of the plane from the wings upward. A group of mechanics in the foreground hid the lower portion of the ship.

## BOY CHOIR WORK DISCUSSED AT CLUB MEETING

Illustrating his talk on boychoirs of Europe with recordings from his own library, William Ripley Dorr, director of the boys choir of St. Luke's Episcopal church in Long Beach, spoke to members and guests of Musical Arts club at the dinner meeting last night at the Doris Kathryn.

Dorr brought with him Robert Billaud, senior soprano soloist of the choir, who sang three numbers. Robert is the son of Mr. and Mrs. R. B. Billaud, formerly of this city, who now reside in San Pedro.

### Defines Choir

Beginning his work with boys choir at Wilshire Presbyterian church in Los Angeles, Mr. Dorr went later to St. Luke's church where he organized the boys choir in September, 1930. There were 30 boys in his first choir, only one of the original members still being under his instruction. The boys range in age from eight to 15 years.

In defining boys choirs, the speaker stressed the point that the real boys choir contained no men, while a boychoir was one of boys and men. In the latter, the men carry soprano parts and some of the alto, while the men are tenor and bass. This is never true in Europe, where the boys carry only the soprano parts.

Up until 100 years ago there was practically no chorus with women sopranos, he said. When in 1815, the Handel and Haydn Oratorio society was formed in Boston, all soprano work was done by boy sopranos. Handel's "Messiah" was sung under his own direction in Dublin with six boys and 14 men as the complete choir.

### Motion Picture Work

He also spoke of the difficulty in securing boy altos. In speaking of the differences between boychoirs of the countries of Europe, Dorr called attention to the Spanish, German, French and English and mentioned the differences and peculiar qualities of each.

The motion picture work of the St. Luke's boychoir began with the invention of sound in 1920. The boys have sung in many pictures. Holly Lash Visel was in charge

## GUEST HERE

Miss Marion Manners, director of the Los Angeles Times Home Institute, who will be guest director tomorrow at the weekly cooking class of the Southern Counties Gas Company. Miss Manners will assist Mrs. Rosamond Hannah Church, home service director for the gas company.

## Strikes Will Be Discussed Here

Sit down strikes and the philosophy behind them, will be discussed at 7:30 p. m. Friday night at the Unitarian church, Eighth and Bush streets, according to an announcement today by the Rev. Julia Budlong.

John Packard, Pasadena, attorney for the Civil Liberties Union who has represented sit-down strikers in the courts in Los Angeles, will be the speaker. His general topic, according to Miss Budlong, will be the new development in the labor movement which will include development of the C. I. O. and the sit-down strike.

The talk by Packard will take the place of the regular Wednesday night news review conducted at the church.

of the program. Long Beach guests present besides Mr. and Mrs. Billaud and Robert, were Mary Ellen Good, president of Long Beach Musical Arts club; A. E. Good, Mrs. Alice Durham, Miss Bessie Hard, Miss Amy Duden, Effel Warren, Mrs. George Caldwell and Maurice Elmer, president-elect of Long Beach Musical Arts club.

## EL RODEO CLUB MAY TAKE TRIP FOR S.F. FETE

Ways and means of sending El Rodeo Club of Orange county, as local representative and ambassador of good will, to the opening of the Golden Gate bridge, San Francisco, May 27, with 54 beautiful horses, bearing silver-mounted saddles, will be discussed at 7:30 p. m. Tuesday in the Santa Ana Chamber of Commerce offices.

Harry May, secretary of the Orange County Associated Chambers of Commerce, said the board of directors of the associated group, would conduct the meeting. In Garden Grove last night, at meeting of the associated chambers, George Boyd, public relations committee chairman of El Rodeo, told of the club's hopes to attend the bridge dedication. He asked the organization to contact incorporated cities of the county, to determine their wishes regarding the proposed northern trek. Fifty-four riders would entrain with the horses.

"It would cost about \$35 per horse for the trip to and from San Francisco," Boyd said. "The club, which has taken many prizes and which, to our knowledge, is the first of its kind in the United States, receives from one to four invitations weekly to take part in celebrations. The club was organized 10 years ago."

The club is composed of 100 members and 100 horses. It attends meets regularly, and horses and equipment are valued at \$350,000. Blue ribbons recently were won by the organization at the jubilee in China.

## 12,000 HOMELESS IN FLOOD DISTRICT

(Continued From Page 1)

While flood waters receded slowly at Pittsburgh, the upper Ohio valley received the full force of the swollen Monongahela, Allegheny and Ohio rivers. Residents had been prepared for the emergency and loss of life and property damage was relatively small in comparison with last year's spring flood.

**Pittsburgh Asks Aid**  
Pittsburgh appealed to the government to aid in flood control. The city council forwarded a resolution to Washington asking that congress appropriate funds to help the program.

At Wheeling, the Ohio rose to 45.8 feet—9.8 feet above flood stage—and then remained stationary. It was expected to remain at that level for several hours and then recede. Wheeling, island home of 10,000 persons, was covered with water. About 2000 fled from their homes and the remainder moved to upper floors. The Ohio below Bellaire was expected to absorb the flood crest.

## Sam Nau Garners 5 New Trophies

Sam Nau, member of the Santa Ana Skeet club, has returned from a four-day shoot at the Del Monte Gun club with five trophies won during the competition. Included in the trophies won by Nau were two silver plates, a diamond medal, sapphire medal and a ruby medal. Sunday at the weekly club shoot Ed Vegeley shot a perfect score by breaking 25 targets out of a possible 25 and scored 28 on colored targets. Milburn Harvey finished a run of 50 straight targets at skeet.

Scores were: Vegeley, 25 out of 25; Harvey, 24 out of 25; Cryley, 21 out of 25; Baker, 21 out of 25; McClelland, 20 out of 25; Hefty, 18 out of 25; Goff 18 out of 25, and Holmes, 17 out of 25.

## VETERANS ATTEND DINNER AFFAIR

Honoring Jean Tantlinger, president of the United Spanish War Veterans' auxiliary, members of Calumet camp, U.S.W.V., and the auxiliary observed Scotch night last night at the April pot luck dinner and entertainment. The affair was held in Knights of Columbus hall.

More than 100 persons, wearing Scotch tams, dined on "Scotch Delight." Commander Charles L. Reaght, introduced Senior Vice Department Commander Edward L. Cole, of Huntington Park. He is scheduled to be elected department commander.

Billy Robinson sang several Scotch songs, accompanied by Mrs. George Stevenson. Mrs. John B. Bichan, widow of a Scotch veteran of the World war, gave a vivid description of the Orkney Islands where she visited following the death of her husband. The dinner and entertainment was arranged by Mrs. Elizabeth Erickson and the following members of her committee: Adolph Erickson, Mr. and Mrs. Charles C. Graham, Mr. and Mrs. Sherman Glaze, Mrs. Ruth Hess and Mrs. Elva Hunt.

## 'POLIO' NURSE GETS \$500 FROM COUNTY

Request of Marva Best, one of the county hospital "polio" nurses, for a \$500 advance upon the compensation allowed her by the state industrial accident commission, was approved by the county supervisors late yesterday.

The nursing victim of the infantile paralysis epidemic at the county hospital several years ago, was awarded \$15.53 per week as compensation for 240 weeks, and has drawn a portion of the amount, but still has a balance of about \$1300 to her credit.

She desired to draw \$500 of this sum, so that she could attend summer school and better equip herself for the future. The weekly payments of the remainder will continue without interruption.

## BODY OF MAN FOUND TUESDAY

An apparent suicide, the body of an unidentified man, about 65, was found beside a half-filled whiskey bottle on the Lomita land and Water company property, near the Lomita Gun club, Sunset Beach, yesterday.

According to inquiry conducted by Coroner Earl Abbey at Dixon's funeral chapel, Huntington Beach, this morning, the man died approximately four weeks ago along the bank of the gun club lagoon. The body was badly decomposed.

Charles Sims, 1600 Coast Highway, Sunset Beach, who was rowing in the lagoon, found the body and reported to Deputy Sheriffs R. R. Lutes, Bob Steinberger and Steve Duhart. Today the body was buried at Westminster cemetery, by Dixon chapel attendants.

The man wore a three-piece suit, outer and undershirt. One shoe was missing. A hat, believed belonging to him, bore the initials, "H. B.", and the outer leather hat band had a metal buckle attached. Deputy Lutes took fingerprints in an effort to establish identification of the victim.

## FIVE INJURED IN CAR WRECKS

Five persons were injured in three accidents reported to police and hospital officials yesterday and last night.

Mrs. Cora Babcock, 40, 324-B East Broadway, Anaheim, sustained badly wrenched neck when she was knocked unconscious yesterday afternoon as her car collided with a Western Fertilizer truck, operated by Manuel Ramirez of Downey. The accident occurred at Los Angeles and Lemon streets as the Ramirez truck ran into the rear of Mrs. Babcock's car, police said. Mrs. Babcock was being treated at Anaheim sanitarium. She had stopped at a cross-walk to let pedestrians pass, when the truck struck her car.

Raymond Cooper, 48, 614 East Santa Ana street, Anaheim, suffered back injuries and lacerated eye, for which he was treated at Anaheim sanitarium. His car was involved in a collision about 5:15 p.m. at Cerritos street and Hansen road, two miles west of Stanton. Johnny M. Hoard, 39, Colton, the second driver, was less seriously injured.

Raymond Holt, 15, Garden Grove, suffering cuts, bruises and injured hand, and Harold Mutz, route 2, Orange, lacerated head, face, arms and hands, were treated at Orange county hospital late last night. They were involved in a car crash, they reported.

Approximately \$800,000,000 is paid in state and federal gasoline taxes in a year.

## Big Time Set For Session Of Breakfasters

One of the most entertaining musical and dramatic programs presented before the local organization, will be staged at 7:30 a. m. tomorrow when the rapidly-growing Santa Ana Breakfast club meets for its regular weekly session in the Main Cafeteria.

Edward W. Cochems announced today that issues of the "Breakfasters," new paper of the organization, had been mailed, and were "chock full of interesting details concerning recent progress of the club."

Ed S. Goodner will be master of ceremonies, and he announced there would be saxophone, steel guitar and accordion numbers, as well as several vocal selections.

## SOLONS AWAIT WEBB RULING

Local officials have not yet received the ruling by Attorney General U. S. Webb, announced in Sacramento yesterday, which assertedly holds the county supervisors have authority to fix salaries as exclusive compensation for the sheriff and public administrator, in lieu of fees which these officials now receive.

Webb advised the county supervisors in a letter received yesterday that he had received request for a ruling on the subject. On the same day he made his ruling public in Sacramento.

The attorney general's opinion conflicts with an opinion given by District Attorney W. F. Menton, who ruled that the supervisors lacked authority to disturb the fees of sheriff and public administrator because the county did not pay the fees. The sheriff collects his fees for serving legal papers, from private parties. The public administrator's fees for handling estates is paid by court order from the estates.

Local circles still were uncertain whether Webb's opinion covered the matter of feeding prisoners, which is handled by contract between the supervisors and the sheriff. The sheriff being allowed 12 cents per meal for the prisoners.

## Garden Grove Home Ransacked

The Todd residence on West Acacia street, Garden Grove, was entered yesterday afternoon by would-be thieves who failed to take any loot after ransacking the place.

Mrs. Todd reported she saw a man with flashlight, at the window of the home a week ago, and threatened to shoot him but he snarled that he was "not afraid." I know you're alone," Deputy Sheriff A. W. Fullerton is investigating.

## 600 WORKERS PLACED BY NRS

The National Re-employment service in Orange county established a record week of job finding by placing 600 workers in employment last week, Manager Charles Fallert announced today.

"The number referred to employment last week sets a high-water mark, since the bureau was established; we are not likely to have another week as big as that," Fallert said.

Moreover, Fallert said, most of the 600 placed went into private

employment from off the relief rolls. The bulk of these were agricultural workers, he said. The employment provided will, in most cases, extend throughout the summer season.

Fallert said there was no difficulty in persuading the agricultural workers to take the jobs offered. He reiterated today a previous statement explaining that the National Re-employment service has no connection with relief agencies or relief work, except to provide a channel for persons on relief to get into private employment.

"Our service makes every effort to co-operate with the relief agencies, in order to help men and women get back to self-sustaining jobs," Fallert explained.

Maintenance of education and public health costs an average of \$8 a person annually in England.

## DEATH NOTICES

### A WORD OF COMFORT

It may be that you do not believe in the sort of a future life that some of your neighbors expect; this does not mean that you do not believe in any life beyond the grave.  
Attempts to draw pictures of an existence which you do not know the details are futile. Form your own conception of Paradise, but do not stifle your instinctive conviction that your dear one lives and loves and knows. Because true souls together forever you two can never become completely separated.  
Each goes on developing the finer qualities and at last you shall walk together again.

ALLEN—April 27, 1937, Lewis Austin Allen, aged 42 years. Son of A. J. Allen, of Laguna Beach, and of Russell H. Allen, of Pacoima, Cal.; Mrs. W. M. Bathurst, of Compton, Calif., and Mrs. S. W. Inman, of Tustin, Calif. Funeral services were held at 2 p. m. today from Smith and Tuthill's chapel, Rev. P. F. Schrock officiating.

CASTRO—April 27, 1937, at his home, 114 French street, Martin Castro, age 6 months, infant son of Mr. and Mrs. Fortino Castro. Funeral services will be held at 10 a. m. tomorrow at the residence. Brown & Wagner in charge.

(Funeral Notice)  
THURSTON—Funeral services for George W. Thurston, who died Monday in Los Angeles, will be held at 2 p. m. Saturday in Montebello at the Harrell funeral home, 913 Whittier boulevard.

Thurston, a brother of Mrs. Clara Garland and Mrs. Charlotte Jennings, both of Santa Ana, first came to Orange county, 66 years ago when he was 11 years old. He settled in Laguna Beach where he lived with his parents until he was 21 years old. His mother remained in this county, for more than 60 years, until her death six years ago.

In addition to his sisters who live in Santa Ana, Thurston is survived by his widow, Mrs. Rebecca Thurston.

## COUNTY BOARD SCANS BILL TO GIVE ANNUITIES

The pending legislative measure that would provide a retirement annuity and death benefits for county officials and employees, is being scanned with interest by Orange county's official family.

The measure, Assembly Bill 2831, would permit establishment of the retirement system in counties desiring it, on vote of four-fifths of the board of supervisors. The fund would be accumulated from contributions of both employer and employee, somewhat after the fashion of the federal social security plan.

County officials and employees would be retired after 20 years of continuous service, if they had reached the age of 60, and in any event at the age of 70.

### Based On "Payments"

On retirement the employee would receive an annuity based upon the actuarial equivalent of his accumulated contributions to the pension fund at the time of retirement; also a pension purchased by contributions of the county toward the fund, equal to the annuity earned by the employee; likewise, he would receive an additional pension equal to 1-70 of the average annual earnings of the employee during the three years prior to retirement, such portion to be multiplied by the total number of years the employee was in service.

Employs and officials benefitting from the fund contribute toward it from their salaries, on a graduated percentage basis, depending upon their age at entering county service. Those 55 years of age, or older, when entering service, are not eligible for retirement benefits.

### Retirement Board

The death benefit provided, consists of accumulated contributions to the fund, plus 1-12 of the compensation received during the prior 12 months, multiplied by the total number of years in service. Under the provisions of the bill, the retirement system would be administered by a retirement board, consisting of three members: the county treasurer, one member chosen by the supervisors, and a member chosen by employees joining the retirement association.

## CONSERVATION PLAN WILL BE OUTLINED

Provisions of the 1937 grange program under the Agricultural Conservation and Domestic Allotment act, will be outlined at a meeting at the Irvine Ranch headquarters at 2 p. m. tomorrow.

All range owners or operators are urged to attend the meeting. W. M. Cory, assistant farm advisor, will outline the program, designed to stimulate practices that will improve the carrying capacity of the range.

## THURSTON RITES TO BE SATURDAY

Funeral services for George W. Thurston, 77, former resident of Orange county who died Monday in Los Angeles, will be held at 2 p. m. Saturday in Montebello at the Harrell funeral home, 913 Whittier boulevard.

Thurston, a brother of Mrs. Clara Garland and Mrs. Charlotte Jennings, both of Santa Ana, first came to Orange county, 66 years ago when he was 11 years old. He settled in Laguna Beach where he lived with his parents until he was 21 years old. His mother remained in this county, for more than 60 years, until her death six years ago.

In addition to his sisters who live in Santa Ana, Thurston is survived by his widow, Mrs. Rebecca Thurston.

## Eight Speeders Receive Fines

Eight speeders, three boulevard stop jumpers and a motorist who gave improper signal were fined yesterday by City Judge J. G. Mitchell. At the same time, police ticketed 15 illegal parkers; five speeders; five boulevard stop jumpers; two motorists having no operator's license; one motorist having improperly addressed license, and one using defective tail light.

Speeders fined were Emma L. Hartkopf, Los Angeles, \$8; Archie Lovelock, El Monte, \$8; Archie Hamilton, Brea, \$5; Philip Rossett, Los Angeles, \$8; Joe Roth-aermel, Whittier, \$7; B. F. Moler, Route 1, Buena Park, \$6; Pete Sneed, Los Angeles, \$8, and James H. Walker, Pomona, \$8. Sneed paid an additional \$7 for failure to appear in court at prescribed time.

## 300 SHRINERS HEAR ADDRESS

Judge Frank C. Drumm gave the address of welcome to approximately 300 members of the Orange County Shrine club and delegation from the Pasadena Shrine club, when they met Tuesday evening in the Orange American Legion hall for dinner and entertainment program.

County President Otto Evans, Fullerton, presided, and introduced the number of the county officers, including D. Egan Huff, first president of the club, Clyde Newton, vice president from Orange, and his committee in charge of arrangements.

The program consisted of music by the chorus of the Federal Music Project, under the direction of Mrs. Dudley Paige Harper, Santa Ana; a saxophone quintet, solos by Benjamin Edwards, director of the Humana a Capella choir, Fullerton junior college; duet by the Collins twins, Ellen and Katherine, Anaheim; and a trio by the Misses Collins and Wanda Thompson, Anaheim, with Miss Elizabeth Hunziker at the piano.

A dancing party was announced, to be held next month at Brea, under direction of the vice-president there, Ralph Barnes; and a beach party the following month. In September a picnic will be held at Orange county park, and in October a ceremonial or stag party. In November the event will be a charity ball.

Among other officers introduced were Lawrence Cobb, Los Angeles, Potentate; George Ramsey, secretary; vice-presidents William A. Green, Huntington Beach; James Tuffree, Placentia; Bennie W. Osterman, El Toro; Charles A. Raglio, La Habra; Frank B. Champion, Laguna Beach; Charles F. Cogan, Tustin; Dan Mulherson, San Clemente; Dick Hatten, Garden Grove; Carl H. Hankey, San Juan Capistrano; Fred Story, Balboa-Newport; Ole Cole, Fullerton; Bert Shaw, Yorba Linda; Harry B. Pearson, Anaheim.

About 20 members of the Pasadena Shrine club were present, including an accordion player, who gave several selections.

### BARBERS TO MEET

Shop owners and journeymen barbers of Santa Ana, Orange, Huntington Beach, Newport and Balboa will meet in Santa Ana at 8 p. m. Thursday in Labor Temple for the purpose of discussing methods of improving service extended their patrons. Alvin L. Holt, international representative for the barbers, will be the principal speaker.

ton, Los Angeles; two other sisters, Mrs. Anna Korse, Orange and Mrs. Joan Doss, Laguna Beach and a brother, Joseph Thurston, also of Laguna Beach; a daughter, Mrs. Pearl Leham, Montebello; two sons, Archie Thurston, Hollywood and Charles L. Thurston, Van Nuys; four other sisters and a brother. They are Mrs. Luella Little, Burton, Wash.; Mrs. Harriett Mather, Pasadena; Mrs. Artie Ward, Los Angeles; Mrs. Hulda Brown, Los Angeles and LaFayette Thurston, Roseburg, Ore.

## RED CROSS GETS MORE AID POSTS

More than 2000 highway first aid stations have been placed in operation by the American Red Cross in an effort to reduce the highway fatalities in the United States. Mrs. Laura R. Warren, secretary of the Orange County Council, announced today.

Seven such stations now are operating in Orange county and two more are to be opened as soon as first aid training is completed by those who will be in charge.

Six of these stations are in the Santa Ana chapter's territory, while one will be sponsored by the Anaheim chapter at the Stanton post-office. The Northern Orange county group will establish such a station at the Leimer filling station on the 101 highway near La Habra.

A standard first aid class opened last night at La Habra. Dr. David C. Munford of La Habra, is instructor for this class at the Washington school at 8 p. m. on Tuesdays.

## GARDNER TELLS SURVEY SCOPE

Scope of the proposed underground water survey in Orange county was outlined to the county supervisors last yesterday by the board's committee, headed by President Dian R. Gardner, of the Orange County Farm Bureau.

The committee has planned its survey in four groups of study, it was explained by Arthur J. McFadden, chairman of the state private commission, who acted as spokesman. These main groups are water—needs, water available, water administration, and correlation of studies and recommendations.

Under the first heading, the committee will ascertain the amount of water resources: (a) underground reservoir by percolation, (b) surface flow, and (c) rainfall; also future possible development in the way of (a) flood control and conservation, (b) sewage reclamation (c) control or salvage of waste, in sewage, drainage, and recreational use, (d) control of transpiration (evaporation), and (e) importation.

The third phase, water administration, will deal with present methods of regulation, and the necessity of additional regulation by two methods, legal and educational.

The fourth job of the committee, it was said, will be to correlate studies and recommendations. The supervisors expressed their approval of the proposed schedule, and also approved a request by Chairman Gardner, of the committee, for funds to provide engineering and clerical help for the committee. Gardner estimated that from \$3000 to \$3500 would be needed.

## Dr. Eames Will Give Program

Dr. Henry P. Eames, pianist and musician of national eminence, will give his piano-lecture-recital on "Musical Adventures in Japan" Thursday evening in the Willard auditorium, 1342 North Ross street, at 7:30 p. m.

Dr. Eames spent three months of his sabbatical leave from the faculty of Scripps College, Claremont, California, in Japan, returning last Christmas. He has given eleven piano-lecture-recitals on Japanese music since his return. In Japan he found hospitality, friends and beauty everywhere. Dr. Eames will bring to next Thursday's recital some of the Japanese musical instruments which were given him.

## CALLING all DOGS

By Albert Payson Terhune

### EYES STILL SHUT AT NINE DAYS

I told you, some time ago, there seldom is any truth in the old theory that puppies open their eyes promptly on the ninth day after their birth. My words are backed, now, by a letter from B. K. H., a dog breeder in LaSalle, Colorado, who writes me: "You say few puppies open their eyes when they are nine days old. That has also been my own invariable experience. For instance; my Scottish terrier whelped two pups, several days before they were due. The eyes of one of the pups did not open till the twenty-second day, and the other pup's eyes did not open until the twenty-fifth day. Both pups are now grown. They always have been healthy, and they have perfect eyesight."

Years ago, I met a neighbor who was carrying a basketful of squirming baby puppies toward the lake, near Sunnybank. He told me he was on his way to drown them because they all were blind. They were nearly eleven days old, and not one of them had opened its eyes. I had much trouble in persuading him to wait a few days longer. He did so, and everyone of the supposedly blind puppies developed a pair of excellent eyes. Many a fine pup has been drowned for this fool reason, by an ignorant owner.

## LEGION BEAUTY VOTES COUNTED

### HOW THEY STAND

How They Stand	Votes
Louise Bennett	200
Lola Mae Harmon	150
Betty Love	75
Ruth Hoover	50

The race is on in the American Legion popularity contest being sponsored by Santa Ana Post No. 131, with Louise Bennett in the lead.

It is not too late, however, for Orange county women to enter the contest which is open to everyone from school girl to housewife. Entries are being received at any American Legion post in the county and at contest headquarters, 313 North Birch street, Santa Ana, where information concerning the contest is available.

The contest will close at 10 a. m., May 22, at which time the winner of the first prize, a scenic trip over Boulder dam on the exclusive Skyline airplane "The Mainliner" of Western Air Lines and a visit in Las Vegas, Nev., with all expenses paid, will be announced.

Awarding of the prize will be in connection with the benefit dance to be sponsored that night at Valencia ballroom on 101 Highway.

WE FIX ALMOST ANYTHING.  
Fix-It Shop, 105 East 3rd.—Adv.

## COUNTY ZONING RULES FAMOUS

Fame of the Orange county zoning ordinance has reached the entire length of the coast, it appeared today, following receipt of a request from Clarence R. Shaw, county engineer of Thurston county, Washington, asking for a copy of the ordinance.

County Clerk J. M. Backs read the request to the county supervisors late yesterday. The Washington engineer said he had learned that the Orange county ordinance was a model of excellence in county planning through use of the zoning system.

Thurston county, he said, would like to inspect the ordinance, with a view of patterning a zoning plan of its own upon the local plan.

### Asks Township Change

Editor Hildegarde H. Banninger, of the Seal Beach Post and Wave, irritated by inability to publish a Sunset Beach legal notice in her Seal Beach paper, requested the supervisors yesterday to do something about changing township lines.

Sunset Beach really should be in Seal Beach township instead of Huntington Beach township, she stated, not only because of geographical conditions, but also because of communal business interests. There is a strong feeling favoring such a transfer, she told the board in a letter.

Ed Cochems, Santa Ana photographer, yesterday filed with the supervisors his application for appointment as county publicity and advertising representative.

## OUTLINE PLANS FOR NATIONAL SCOUT MEETING

Plans for the National Boy Scouts of America Jamboree at Washington, D. C., July 30 to August 9, were outlined today by Harrison E. White, Orange county executive.

Region 12, of which Orange county is a part, will send 2834 scouts to Washington. Sixteen has been set as Orange county's quota.

White explained that Region 12 includes scouts of California, Arizona, Nevada, Utah and Hawaii.

"At present we have no boys signed up for the jubilee trip," White said. "The total cost for the trip including all costs will be \$150."

The scout executive went on to explain that this sum would include everything on the trip including Pullman fare, eats and side trips. The Boy Scouts from this area who will stage a three-day training period at Camp Irvine will leave Santa Ana on the Southern Pacific July 26.

A stop over at the Carlsbad Caverns will be made from where the party will go to New Orleans and then up the Mississippi to Cincinnati and on to Washington for the ten-day conflag with 50,000 other scouts at the nation's capital.

The return trip will be made by way of Philadelphia and New York City. A sight seeing trip for the scouts in New York City has been planned.

FOURTH STREET AND SYCAMORE

Give Mother a "Young" Gift  
she'll adore these  
by Lucien Lelong

Never mind the shawls and comforters—give Mother a breath of youth. Perfume or Cologne will make her feel young again—and remember, she's just as young as she feels. Here are some of the most flattering gifts in the world for Mothers of all ages.

To my Mother

• Gardenia—who doesn't love Gardenia?—Lucien Lelong's version is simply heavenly. \$3.

• The newest Lucien Lelong Perfume—"Indiscret"—in a new small size. A delightful gift in every way. \$2.

• Sachets are always successful—especially these grand ones by Lucien Lelong. \$1.50 each. Box of three, \$4.50.

Darling Mother

## ON THE OTHER SIDE OF THE MICROPHONE

500 600 700 800 900 1000 1100 1200 1300 1400 1500  
WITH HOMER CANNFIELD

"The world will little note, nor long remember what we say here—"

Hollywood, April 28.—**RADIO PERSONALITIES ARE** certainly all-minded. It seems that nearly everyone in the business travels by air. Carlton E. Morse, author of One Man's Family, and Andre Kostelanetz are two rather good examples.

After his broadcast with Lily Pons tonight, the short, mild-mannered Russian will plane out of New York for Hollywood to indulge in a bit of movie making. He'll miss only one broadcast—next week's.

To fly is no novelty for Kosty. Last year, airline officials got together and presented him with some kind of a trophy for the thousands of miles he had flown. This afternoon, for the first time, the Barbour family went through their broadcast without the presence of his author, Carlton E. Morse. Morse was aboard the Pan American China Clipper on a thirteen-day vacation trip to Hong Kong, China, and back.

With Morse went forty pounds of picture-taking apparatus including a motion picture camera, a still camera, 1000 feet of film and all the other gadgets enthusiastic amateur photographers can't seem to get along without.

Permitted to carry only fifty-five pounds of baggage, the writer slipped in a two-pound volume of the Forsyte Saga for reading material, which didn't leave much more than a change of ties in the way of garment cargo.

**REGARDLESS** of all kinds of laws, it seems the mails are used for almost anything. Witness the following tragedy in three days: The mailman left on our desk. Have a look—

Bashfully she sang her song,  
Blushed when cut short by the song.  
Demurely said she had a cold,  
Better luck next time, was told.

Homeward wending from the station,  
Pity of the state and nation,  
Walked the stairs up to her flat,  
Reached a kitty, told it "SCAT!"  
Flung the door back with a bang,  
Looked around her wrath to hang.

Fixed her husband with a stare  
Chased him from the easy chair,  
Bopped the baby, yelled at ma,  
Took it out on poor, old pa,  
Broke the hinges on the door,  
Knocked a neighbor to the floor.

This our Gertrude Gillette's loss,  
Out the window did she toss  
Sparkle, gaiety, and fluff,  
Changed them all for constant  
buff.

All because her network song  
Ended with the major's gong!

AS Al Goodman waves the baton,  
Jessica Dragonette and Charles  
Kullman will sing his music from  
the opera, "The Lady in Ermine."

The lyrics were written by Cyrus  
Wood and Harry Graham. Wood  
collaborated with the celebrated  
playwright, Frederick Lonsdale,  
in preparation of the book. (KNX,  
5:30)

It will take Gang Busters three  
broadcasts to tell of the famous  
Chicago "Devil Murders." (KNX, 6)  
Songs by Ruby Elzy, Negro so-  
phomore, will highlight Fred Allen's  
show. (KFI, 9)

A war, just to show Harry Von  
Zell that his pretensions long  
winded introductions for Fred Allen  
aren't exactly new, sent him the  
following quotation from the bi-  
ography of Disraeli, who called  
Gladstone—

"A sophisticated rhetorician  
inherited with the exuberance of his  
own verbosity and gifted with an  
egotistical imagination that can at  
all times command an interminable  
and inconsistent series of argu-  
ments to malign an opponent and to  
glorify himself."

Wonder if Harry will try to top  
that tonight?

**HIGHLIGHTS**  
**Tonight.....**  
5:00—KNX, Lily Pons  
6:00—KNX, Gang Busters  
8:00—KFI, Fred Allen  
8:30—KNX, Ken Murray  
9:00—KNX, Calling All Cues

**tomorrow..**  
9:15 a.m.—KNX, Eddie Albright  
9:30 a.m.—KRKD, L.A.C. Break-  
fast club—H. R. Van Cleave,  
"Why Budget?"

10:00 a.m.—KFI, NBC Music Guild  
11:00 a.m.—KECA, Pepper Young  
11:15 a.m.—KECA, Ma Perkins  
11:30 a.m.—KHJ, LaForge-Beruman  
Musical

1:00 p.m.—KFI, Hollywood in Per-  
son  
4:00 p.m.—KFI, Edgar Bergen, et al

Programs are compiled from daily reports provided by stations. We assume no responsibility for last minute changes.  
(c) indicates chain program; (t) transcription. The stations are listed by quarter-hour in respective positions on dial.

EDGAR BERGEN, ventriloquist,

and his dummy, Charlie McCarthy, who knows all the answers, will preside over Rudy Vallee's revue Thursday afternoon. (KFI, 4) The crooner will be on the Atlantic en route to London where the program will originate on May 6 and 13. Tomorrow will be the last appearance of Charlie and Bergen on the Vallee Hour because in a few days they leave New York for Hollywood to be starred on the new Chase and Sanborn Hour starting May 8.

## PEP BOYS MEET PEOPLE'S NEED AT LOW PRICES

Although thousands upon thousands of motorists have come to depend upon the Pep Boys for necessities in connection with automobile repairing or factors of additional car convenience and performance, according to Murray Rosenfeld, general manager of the auto accessory firm, there daily are people who come into these stores for the first time and express themselves as pleasantly surprised at the multitude of useful articles at low prices.

Answering the question frequently asked by a new customer, "How is it possible to present so many really valuable things at such insignificant prices," Mr. Rosenfeld remarked: "We constantly search the market for the newest and the best, and by our tremendous purchasing power, we are enabled to pass definite savings on to our customers. Although we do stock an innumerable assortment of articles, every article must come up to traditional Pep Boys standard of requirements, that is, it must be of practical and definite value to our customers. This is the policy we have followed from the start, and feel it has been the means of building up the large group of our thousands of satisfied customers."

In spite of rising prices, the management of Pep Boys states that it still is maintaining "the world's lowest prices," which is augmented by the fact that the article may be returned and money thereon will be refunded, if it can be purchased for less elsewhere. The Santa Ana store, 211 North Main street, is featuring articles of particular value to motorists planning extended trips. Here, also, may be obtained the latest authentic touring information.

## SPRING COLOR HARMONY

Signs of Spring! Fresh new colors for Ford V-8s, tulips in full bloom, Spring frocks for pretty misses and once again the call of the open road. Timed with all the characteristics of freshness and beauty that are common to spring, Ford dealers announce four new Spring colors — Dalmatian green, turquoise blue, silver wing gray and adobe tan, all in keeping with the West's out-of-doors. Special striping and colored wheels harmonize with the new body colors. Local Ford dealers report that increasing numbers of new car buyers have been attracted to their showrooms since the new colors have been on display.

## GREAT DEMAND REPORTED FOR 'U. S.' TIRES

The Los Angeles tire factory of United States Rubber Products, Inc., is operating at capacity these days in an effort to meet the growing demand for "U. S." tires, reports Jerry Hall, Second and Main streets, local "U. S." tire dealer. "This peak rate of production reflects the increasing popularity of the U. S. Royal Master," Mr. Jerry Hall said. "Close to sixty million tires bearing this trademark have been built, and the demand today is greater than ever. A new member of the Royal family is contributing substantially to factory activity this year. This is the U. S. Royal Master, America's first de-skidded tire. De-

signed for super safety, it is rapidly winning public favor.

"An ideal tire for any season, the U. S. Royal Master offers extraordinary advantages on the wet, slippery roads of winter. It provides skid control. This means it gives the motorist a greater control of his car than he has ever known.

"Skid control comes from the novel construction of the tire tread. It is de-skidded. This means that the tread has hundreds of independent edges. When the tire rolls over a wet road these edges wipe away the water or film and grip the road to guard against forward skids. This grip is known as Centipede Grip. Protection against side skids is also provided with equal sureness. The danger of this type of skid is overcome by the exclusive Royal Master multiple-rib design.

"To appreciate fully the security and comfort which the skid control of the U. S. Royal Master gives, the motorist has to get behind the wheel of a car equipped with these tires. He will be instantly amazed, and permanently convinced. I urge car owners to come in for a demonstration."

## CHRYSLER NEW AIRFLOW HAS SAFETY VALUE

In the three short years that the Chrysler Airflow has been on the market, its exterior contours have been so widely imitated that it is believed by many motorists that nearly all of today's cars are in fact "airflow." Nothing could be further from the truth. There is but one Airflow today just as there was in 1934 when it made its appearance and revolutionized body lines.

Valuable as the shape of the Airflow body has proved itself in reducing wind resistance and thus conserving horsepower, a much more important feature of this unique car is its inherent safety. The shape of the car followed the structural design, instead of influencing this structure.

Frame and body of the Airflow are integral. The body is built like a steel bridge, with vertical and diagonal bracing. This strong bridge construction extends from the very front of the car to the extreme rear, making one section as strong as another. In the conventional type of construction, the front end of the frame beyond the body sticks out in the manner of the handles of a wheelbarrow and cannot be so strong as that portion upon which the body is placed.

In the Airflow, the passengers do not ride on the frame at all but inside of it. They are protected by a steel fortress built around a frame work of rigid steel girders. A steel floor and a steel top give them complete protection on all six sides of this immensely strong box. Throughout the body and frame, hydromatic welding is largely employed to join one section to another. In effect the hydromatic welder "sews a seam" in steel and the weld makes the members stronger where they are joined than they would be if separated.

In the three years that the Airflow has been on the market, the safety of its body construction has been demonstrated time after time. Motorists have escaped with inconsequential hurts in crashes that would have meant terrible injuries if not actual fatalities had the car involved been on the conventional type of construction. In fact, some of the experiences through which Airflow passengers have passed without injury come under the head of miraculous.

Another factor in the Airflow safety is its handling ease. Because of a perfect steering geometry permitted by the unique front end construction, steering is made easier than with an ordinary car. Steering is shockless and wheel "fight" is banished under all conditions.

The Airflow has shown great popularity since the 1937 line was introduced.

## AUTO INDUSTRY PAY ROLLS HIGH

WASHINGTON, D. C., April 28. —Statistics gathered in the 1935 census of manufacturers, taken by the United States Census Bureau and just made public, show that in 121 motor vehicle plants in operation that year there were 146,961 wage earners, who were paid \$217,039,434. The cost of materials, fuel and electric energy used in manufacturing cars and trucks reached a total of \$1,814,132,025. The value of the products was placed at \$2,391,089,954, the value added by manufacture being \$576,957,929. The Census Bureau explains that its figures on wage earners do not include salaried officers and employees.

## WILLYS SIGNS UP WITH U.A.W. C.I.O. AFFILIATE

TOLEDO, Ohio, April 28.—Willys-Overland Motors, Inc., manufacturers of Willys motor cars, has signed its first formal contract with the United Auto Workers, affiliate of the C.I.O., David R. Wilson, president of the company, announced today. Signing of the contract with the U.A.W. climaxed several weeks of friendly negotiations between Mr. Wilson, Sam Black, works manager, and other Willys-Overland executives and union representatives.

The contract, which, according to the executive board of Local No. 12, U.A.W., is one of the most satisfactory agreements obtained by the C.I.O. in the entire automotive industry.

It provides, among other things, recognition of the U.A.W. as bargaining agent for its members in the Willys-Overland plants, a 5-day, 40-hour week work schedule, departmental seniority rights and guaranteed base pay for piece workers.

A set rate and piece work rates has been established for every operation in the plants, with the guaranteed base rate applying in every operation. The guaranteed base rate protects workers against production interruptions, such as breakdowns, over which the worker has no control.

"We are extremely appreciative of the splendid co-operation of the U.A.W. received from Mr. Wilson, Mr. Black and other Willys-Overland executives in reaching a satisfactory agreement," members of the U.A.W. board stated.

"Mr. Wilson deserves additional commendation," they added, "for volunteering a humane clause in the contract, namely, right to transfer an aged worker to an easier task of employment in the plant instead of discharging him because of physical disabilities due to ill health.

"Union organizations have strived for years to obtain such humane clauses in contracts with employers without success, and Mr. Wilson, himself, proposed this clause without demand from the union."

"What we at Willys-Overland are interested in, is producing automobiles to sell," Mr. Wilson stated. "In doing so," he added, "we insist upon competency. That is our only measure, and we feel that a satisfied worker will turn out more work and do a better day's job."

## WESTERN AUTO PREPARED FOR TROUT SEASON

Many outdoor lovers who take delight in landing their limit of the finny tribe will soon be whipping Southern California streams for Saturday. May first, is the official opening day of the California fishing, declares Robt. Harness, local manager of the Western Auto Supply Company, fishing and sporting goods dealers.

"While the opening of the season will find many streams a little roily, and lakes very high, many local anglers will be wanting to 'get their hand in' as early as possible and will be taking advantage of opening day opportunities," he states. "This, of course, means that bait and spinner fishing will predominate, although many fish will be taken on wet flies."

One of the many Southland fishing spots which will be popular this year is Big Bear Lake, where water is seven feet over the old dam and may rise even higher. Other Southland trout lakes and streams will be equally worthwhile this year. Even a few high Sierra spots are ready now but it is expected most of them will reach their peak later. Bass lakes of San Diego county will be open and will provide plenty of sport for the fisherman who visits them. Of these, Henshaw Lake has gained so much water this winter that it is now the largest in Southern California.

"Due to heavy planting by the State Fish & Game Commission, and the high waters from a wet winter, fish will be plentiful and scrappy, so every experienced angler who wants his share of sport will be sure that he is amply prepared in every way, by checking over his whole outfit before setting out," Harness asserts. "In doing this, probably the first step is to pick up all the tackle that was loaned to friends and never returned," Harness adds with a smile, for often tackle is loaned in the fall that the borrower forgets to return.

With your outfit together, he advises careful testing of lines to be certain that the ends which get wet have not rotted. Reels should be cleaned and oiled, and rods

should be checked for broken guides and loose ferrules. A further suggestion to anglers is to be certain that their outfit is complete for every occasion. "Does your book of flies contain a sufficient assortment of wet and dry flies? Do you have an ample supply of hooks, leaders and spinners?" These are questions which, in his opinion, should be given consideration before the fishing trip.

Anglers who find it necessary to replace some of their equipment will be pleased at the completeness of the fishing tackle stock in the outing department of the local Western Auto store, as well as the store's low prices for nationally famous brands such as South Bend, Shakespeare, Pflueger, Bronson-Coxe and others.

The beak of the New Zealand wrybill plover is distinguished from that of all other birds. Its right-turned beak makes an excellent tool for seizing small crustacea which lurk beneath the rocks of the dry-bill's favorite haunts.

## RETAIL SALES OF BUICKS INCREASE

FLINT, Mich., April 28.—Domestic retail sales of Buick motor cars during the first 10 days of April totaled 7,499 units compared with 5,418 in the first 10 days of March and 5,568 in the corresponding period of April a year ago, according to figures released today by W. F. Hufstadter, general sales manager. This was a gain of 2,081 cars or 38.4 per cent over the previous month and 1,931 cars or 34.6 per cent over the corresponding 1936 period.

# LATE NEWS OF ORANGE

## 750 CLASS MEMBERS TO SHARE MEET

ORANGE, April 28.—Unusual in very detail will be the home coming planned at St. John's Lutheran church May 9 when 750 persons who were members of confirmation classes for the past 45 years, will spend the day attending service especially arranged. In the evening a buffet supper will be served from 5 to 7:30 p. m. at the Walker Memorial hall. A program at 7:30 p. m. is being arranged for the evening's entertainment and is to be in charge of Walter Erick.

Included in those present will be two groups of three generations, each one of which was confirmed at St. John's church. These are Herman Struck, his son, Albert Struck, and his grandson, Arthur Struck. The other group includes Mrs. George Dierker, her daughter, Mrs. Merle Talmadge and her grandson, Willis Talmadge.

The pastor of the church the Rev. A. C. Bode, is heading the arrangements for the event. Henry Randick has been in charge of making contacts with older class members and Adolph Bosch of the younger members. The class for each year from 1892 to 1937 has two captains, a man and a woman.

Six acting pastors have been members of confirmation classes of St. John's. They are the Rev. Minner Grumm who is serving as a missionary in India, the Rev. William Klaustrmeyer, pastor of a Lutheran church in San Pedro; the Rev. Arnold Grumm of Fargo, N. D.; the Rev. Elmer Gunther, of Clay Center, Kans.; the Rev. William Schleuter of Terra Bella, and the Rev. E. F. Mueller, of Visalia.

At 9:30 a. m. there is to be a German service with the Rev. Mr. Schleuter in charge. The English service at 11 a. m. will be conducted by the Rev. Mr. Mueller. The afternoon, it is expected, will be devoted to class reunions.

More than 1000 have been confirmed since the church was established and the first confirmant was Herman Struck.

## Penny Party Is Planned By W.C.T.U. Board

EL MODENA, April 28.—The executive board of the El Modena W. C. T. U. met Monday afternoon in the home of Mrs. R. C. Adams to complete plans for the "Penny" party to be held the evening of May 7.

Mrs. W. A. Settle president of the local union announced the speaker of the evening will be R. R. Lutes of Santa Ana, county fingerprint and narcotic expert. Mr. Lutes will speak on "Narcotics."

Those appointed to serve on the various committees were, Mr. and Mrs. Luther Barnett, Mrs. Joseph Erick and Mrs. Lewis Smith, kitchen committee; Mrs. Hans Sanders, Mrs. Mamie Hill and Mrs. Ella Hayden, fish pond committee; Mrs. Carl Warner, fortune telling booth; Mrs. Luella Sondrick and Mrs. Frances La Monica, ice cream committee; Mrs. Owen Smith, Mrs. Emer Koenig and Mrs. Margaret Moore, arcade. Mrs. John Turner and Marion Jones will have charge of decorations.

## Junior Reserves Hear Talk On 'Personality'

ORANGE, April 28.—Choosing a her topic, "Personality in Regard to Popularity," Mrs. J. B. Wilbur spoke last evening to the Junior Girl Reserve club in the Orange Y. W. C. A. rooms.

Preceding the talk, which was in the form of a discussion, a pot luck supper and a short business meeting was held.

Included in the group were Misses Maxine Watson, Norma Craft, Betty Gross, Bernice Williams, June Watson, Ruth McKelvey, Margaret Hughes, Evelyn Brown, Bernice Rowlands, Doris Howell, June Winget, Barbara Robinson, Lucille Lemke and Lucille Chandler, as well as the club advisor, Miss Lorraine Oliver, and the guest speaker, Mrs. Wilbur.

## Orange Plaza Is Beauty Spot

ORANGE, April 28.—Plans are underway to place narrow cement sidewalks across the corners of lawn on the plaza square. Hedges will separate the sidewalks from the lawn and these already have been set out. Petunias in varied shades and other profusely blooming annuals have been set out around the coccas palms which line the square at intervals.

The plaza square presents a beautiful appearance with an abundance of flowers in blossom. Beds of pansies, stock and larkspur provide bright notes of color and a new flower to many is the lavender sweet alyssum.

According to J. J. Hutchins, president of the Orange Merchants' bureau, no decision has been reached regarding a proposed planting of palms along one block of the streets running north and south, and east and west of the plaza.

## HIGH SCHOOL STUDENTS WILL TAKE OVER CITY TOMORROW

ORANGE, April 28.—Boys and girls are to take charge of affairs of the city tomorrow following an election held yesterday at the Orange Union high school as a part of public schools week. V. G. Wolfe, prominent member and past president of the 20-30 club, headed arrangements for the event and he will introduce the youthful officials at an assembly held at the high school at 1:30 p. m. today.

## NEW BOOKS PLACED IN LIBRARY

EL MODENA, April 28.—Mrs. Cleona Johnson, librarian of the El Modena branch of the county library has announced another interesting group of books for both adults and children have been placed on the shelves of the library in the Roosevelt school.

The new list includes: The New Treasure Seekers, by Mrs. E. N. Brand; The Story of Steam, Anne Coolidge; Here Comes the Postman, Dorothea Park; Mike the Cat, Creighton Peet; You and Your Camera, Eleanor King; The Story of the Orchestra, Paul Becker; Hans and His Geography, Geoffrey Chaucer, illustrated by R. Kent; House-boat in Kashmir, Mrs. A. J. Denison; Fashions in Art, Huger Elliott; Great Riches, M. H. Farnham; The Way of a Transgressor, Negley Farson; How to Read Aloud, H. H. Fuller; Good Cooking, revised edition, Marjorie Heseltine; Told With a Drum, E. H. Heth; Lovers, Gina Kaus; The Kings of Beacon Hill, C. W. Darnester.

Argonaut Gold, C. H. Snow; And Then You Wish, John Van Druten; The Spirit, B. H. Streeter; High Trails of Glacier Park, Mrs. M. H. Thompson; Leading a Dog's Life, A. T. Walden; The Du Pont Dynasty, J. K. Winkler; Fisherman 28, Jack Calvin; Ola, Mrs. Ingrid D'Aulaire; Otto At Sea, W. P. Du Bois; Brave Mr. Buckingham, Mrs. Dorothy Kunhardt; Tommy-Tatters and the Four Bears, Louis Moe; Sea Stories for Boys, Arthur Neale; Captain Teddy and Sailor Chips, Creighton Peet; The Bright Feather and other Maya Tales, D. M. Rhoades; In the Stone Age, T. R. Williamson; The Kitten That Grew Too Fat, C. V. Winlow.

## HEADS OF SECTION ARE NAMED

ORANGE, April 28.—Officers were elected at a meeting of the Garden section of the Orange Woman's club yesterday afternoon. Mrs. H. O. Russell will serve as president the coming year and other officers are: first vice president, Mrs. Vern Shippee; second vice president, Mrs. Perry Groat; corresponding secretary, Mrs. George Everett Peterson; corresponding secretary, Mrs. Fred Alden, and treasurer, Mrs. H. F. Taylor.

Mrs. A. H. Halleck headed the nominating committee. Plans for the coming flower show were discussed and all who can possibly do so were urged to be at the clubhouse at 8 a. m. May 6.

Alden who presided in the absence of the president, Mrs. Perry Groat, told of plans for flower silhouettes with flower arrangements placed in 11 shadow boxes each 12 by 15 inches.

Mrs. George H. Peterson told of a visit to the Earl C. Anthony flower show. Mrs. Russell of the Camellia flower show, and Mrs. Alden of the beauty of the Huntington gardens where a Chinese fringe tree is now in full bloom.

A decision was made to have a nursery man replant the spaces in front of the clubhouse. Announcement was made of the May breakfast May 3 at 9 a. m.

The speaker of the afternoon was Miss Elizabeth Bodger of El Monte, famous hybridizer, who told of seed farms maintained by the concern of which she is a member at El Monte and Lompoc. Hostesses were Mrs. B. F. Richards, Mrs. Grace Knoll and Mrs. Charlotte Wallace.

## Chat and Sew Club Holds Meet

ORANGE, April 28.—Sweetpeas and roses were used in decorating the home of Mrs. Herbert Sturgen, 404 North Center street, when she entertained members of the Chat and Sew club Tuesday evening. After a social hour the hostess served refreshments on individual trays, assisted by Mrs. Edwin Westcott.

Those present were Mesdames Enley Campbell, J. T. McInnis, Vern O. Estes, Earl G. Smith, E. C. Frevert, Earl Wood, Wilbur Woods, Carl Pister, Oliver Wickersheim, and Miss Edna Case of Orange, Mrs. Ted Nall and Mrs. Dale Griggs, Santa Ana, Mrs. Millie Buchanan, Bridgeport, Ill., grandmother of Mrs. Griggs, was a guest.

## Mrs. Robinson Is Honor Guest At Evening Party

VILLA PARK, April 28.—Mrs. V. E. Robinson was honoree at a layette shower, given recently by Mrs. Ray Adams and Miss Virginia Adams, assisted by Mrs. Joseph N. Adams and Mrs. Albert Hughes, at the Adams home on East Collins avenue. Bowls of sweet peas and crystal baskets of rose buds decorated the home. The past-time of the evening proved to be sewing, after which contest prizes went to Miss Elizabeth Lee and Mrs. V. E. Robinson.

Mrs. Robinson received many dainty and useful gifts. Later in the evening, a dessert course consisting of strawberry ice cream, peanut and coconut cookies and coffee was served at card tables centered with small bouquets of sweet peas. Miniature cradles in pink, blue and yellow served as cup eups.

Relatives and friends present included Mrs. Margaret Holditch, Miss Elizabeth Lee, Miss Marjory Condon, Miss Jennie Hull, Mrs. Cecil Berriman, Mrs. Dick Robinson, Leonard Zink, Edgar Adams, A. E. Hughes and Miss Margaret Hughes, Mrs. Walter Adams, Joseph N. Adams, J. Roy Adams, Miss Virginia and Miss Grace Adams, and the honoree, Mrs. V. E. Robinson.

Judge Kenneth Morrison of the Santa Ana justice court, was the assembly speaker taking as his topic that of "Citizenship." The speaker pointed out that in order to be a good official the foundations for such work must be laid in good citizenship and that the foundations of good habits in youth.

Others making talks were Don Gulderson, Dr. W. C. Leitchfuss and Gordon C. Richmond, city attorney. Tonight the officers are to be guests at the meeting of the 20-30 club at the Sunshine Broiler and tomorrow they are to be guests at luncheon when the Rotary club meets at the American Legion clubhouse.

## MEIERS ARE HOSTS TO ROOK CLUB

EL MODENA, April 28.—Pleasant in every detail was the recent meeting of the rook club held in the lovely East Chapman avenue ranch home of Mr. and Mrs. Henry Meier. Roses of many varieties gathered from the rose garden of the Meier home were arranged in bouquets about the rooms.

Following the delicious dinner tables were arranged for the game of rook. First prizes were awarded to Mrs. F. L. Wilson and L. F. Bohling. Club members who enjoyed the hospitality of the Meier home included Mr. and Mrs. H. W. Walker, Mr. and Mrs. F. L. Wilson of Santa Ana Heights, Mr. and Mrs. Jerry Youngs of Anaheim, Mr. and Mrs. W. L. West and son Lawrence, and Mrs. L. R. Stearns and Mr. and Mrs. H. F. Taylor of Orange, Mr. and Mrs. W. H. Hutton of Anaheim.

Special guests of the club were Mr. and Mrs. Clarence West and son Phillip of Los Angeles, Mr. and Mrs. W. M. Lowry of Orange, and Mr. and Mrs. L. F. Bohling of Fullerton.

## Musical Pageant At El Modena

EL MODENA, April 28.—"Music in Pageantry" will be presented by the El Modena schools tomorrow evening, at the school, under the direction of Mrs. Marie Daugerty, with the public invited.

The program will include, "Indian Rhythm," grades 7 and 8; "Pilgrims Go to Church," grades 3 and 4; "Spirit of '76," grades 7 and 8; "Minuet," girls of grades 5 and 6; "Star Spangled Banner and '49ers," boys' chorus; "Old Black Joe," grades 3, 4 and 7; "Tramp, Tramp, Tramp," chorus group; "Spirituals," boys' and girls' chorus; "Turkey in the Straw," grades 1 and 2; "Stars of the Summer Night," girls' chorus; "Most of the Best Music Is Religious," boys' chorus; "Finale," entire chorus group.

## Committee Meets To Plan Homes

ORANGE, April 28.—Only routine matters were discussed, with no formal action taken, when the housing committee of the chamber of commerce met Tuesday afternoon in the chamber's rooms, it is announced by Secretary V. D. Johnson.

The committee was formed with Louis Koth as chairman, to take action relative to relieving the shortage of homes in Orange. Every assistance will be given by the committee to those desiring to build, or to plan homes, it was said. A file of plans is on exhibition in the chamber of commerce rooms, and are available to those interested.

DATE CHANGED  
ORANGE, April 28.—A meeting of the Center street P.-T. A. which was scheduled for Friday at 7:30 p. m. has been advanced to tomorrow night at the same hour, it is announced by the president, Mrs. Wilbur Nave.

WE FIX ALMOST ANYTHING.  
Fix-It Shop, 105 East 3rd.—Adv.

## HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passage with smarting and burning above there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills. Used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## \$12,000 STATE AID RECEIVED

An agreement with the state department of public works, by which the state will contribute \$12,000 to the cost of drainage structure materials, in the \$393,500 South Main street extension project, was approved by the county supervisors late yesterday.

The \$12,000 was promised the county some time ago by the state highway commission.

**Bolster Fund**  
The board yesterday transferred \$4000 from the unbudgeted reserve fund to the compensation insurance fund, which had reached a point of depletion, Auditor W. T. Lambert reported. The fund balance had dropped to \$350, whereas it is used at the rate of about \$1800 per month, in payment of compensation to such beneficiaries as the "police" nurses at the county hospital, and others who have received awards.

Yesterday's transfer is expected to carry the fund to the end of fiscal year, June 30.

The Costa Mesa parking ordinance, which provides a maximum penalty of \$50 fine or 30 days in jail, for parking more than one hour on Newport boulevard between Eighteenth street and Broadway, was adopted by the board late yesterday.

## CRIPPLED DIVER GOES HOME

SAN FRANCISCO, April 28.—(UP)—Ray Woods, professional diver crippled March 22 in a leap from the San Francisco-Oakland bay bridge, was on his way back to his home in St. Louis today. The city appropriated funds for the trip.

## "COPPERFIELD" AT WALKER'S AGAIN

With an all-star cast, scintillating with "big names," one of the most elaborate screen presentations of recent years will be brought back to Walker's theater today when "David Copperfield" is presented, with "Head Over Heels in Love" as the companion feature.

Reproduced from Dickens' story, "David Copperfield" has 65 stars and featured players in the key characters. W. C. Fields as Micawber, Freddie Bartholomew as David, the boy, and Frank Lawton as David, the man, are in the featured roles.

Swing music is rampant as Jessie Matthews appears in her latest starring vehicle, "Head Over Heels in Love." The dance-sing star is shown as a trim little Parisian who makes her living by entertaining in the street cafes of Montmartre.

An "Our Gang" comedy, featuring Spanky McFarland, entitled "Spooky-Hooky," and a newsreel complete the program which runs until Saturday night.

## NAVAL MEASURE IS SIGNED BY F. D. R.

WASHINGTON, April 28.—(UP)—President Roosevelt signed the naval appropriation bill for the 1937-38 fiscal year carrying \$515,000,000 before leaving for the south, the White House announced today.

## WALLY'S LAWYERS APPLY FOR DIVORCE

LONDON, April 28.—(UP)—Solicitors for Mrs. Wallis Warfield Simpson applied to the courts today for an award making her divorce from Ernest Simpson absolute.

The divorce court is expected to grant the decree on Monday, leaving Mrs. Simpson free to marry the Duke of Windsor, who gave up the throne for her love.

The climax of the century came in routine fashion. The Goddard representative visited Somerset house, paid half a crown—62 cents—and filed the necessary affidavit certifying that there is no legal bar to a final decree.

As explained by Clerk R. C. Patton, of the board, the board devised a special form of policy, including features of coverage heretofore lacking, and also established a standard rate for all coverage.

Each agent participating receives a percentage share of the entire policy, and in case of fire loss, the payment would be distributed on the same percentage basis among all agents participating.

## FEAR OUTBREAK ON MEXICAN HOLIDAY

MEXICALI, Baja Cal., April 28.—(UP)—Fears of a May day outbreak of violence grew here today as 2,000 ranchers and colonists continued to hold the government plaza with their sit-down encampment, and went ahead with plans for a gigantic parade Saturday.

In the meantime the agrarians, whose policies are being protested by the ranchers, made plans for a counter-parade and demonstration May day.

Government authorities expressed fear the two openly hostile groups would cross lines of march and that bloody fighting would ensue.

## BOARD APPROVES INSURANCE PLAN

Final action was taken by the Orange school board yesterday, in adopting a program of school fire insurance and its distribution, which gives all local agencies participation in a blanket form of policy, covering all school buildings.

As explained by Clerk R. C. Patton, of the board, the board devised a special form of policy, including features of coverage heretofore lacking, and also established a standard rate for all coverage.

Each agent participating receives a percentage share of the entire policy, and in case of fire loss, the payment would be distributed on the same percentage basis among all agents participating.

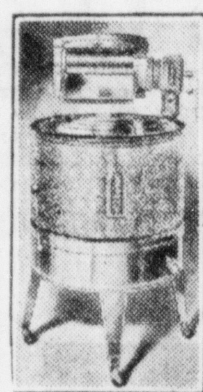

MOORES HOME AGAIN  
When Dr. Newell Moore and his daughter, Barbara Jean, 20 months old, returned from St. Joseph hospital recently, they found the family established in the new home at 2430 French street. Peggy Lou and Barbara Jean recently suffered scarlet fever; the baby underwent double mastoid operation, and Dr. Moore, also, has been ill. Dr. Moore will take up his practice again, soon.

## For a Very Limited Time on 1900 CATARACT WASHER

They Have Stood the Test for 37 Years!

### BALANCED SURGILATORS

SAVE TIME, MONEY AND CLOTHES! You can have your clothes washed spotlessly and thoroughly, and still have plenty of leisure time. The Balanced Surgilators, as illustrated, give a marvelously fast washing action, yet wash the clothes as easily and carefully as human hands. They send powerful, surging currents over, under, and through the clothes, turning them over and over, washing out every vestige of dirt and grime with minimum wear and tear.

### POWER PLANT FLOAT IN RUBBER

Just as the engine of the modern automobile is mounted in rubber to save it from road shocks, so is the power plant of the Catacract. The rubber mounting, plus the genuine universal coupling, cushions it against shocks and insulates it from the frame, another reason why you can count on Catacract for a lifetime of satisfactory service.

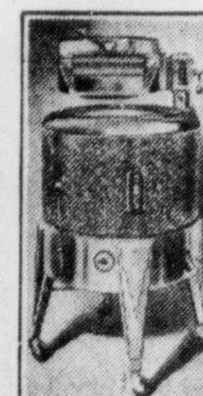

### DOUBLE LIFE TRANSMISSION

Every Catacract, regardless of price, is equipped with the famous "Double Life" silent transmission. That is why any Catacract will give you years of silent, smooth operation... free from rattles, noise and trouble. The working parts are sealed in the case, automatically oiled and case-hardened and ground to resist friction and wear. When years of use affect the parts, three outside adjustments make it easy to compensate for wear without opening the case.

### BASE CONSTRUCTION BUILT LIKE A BRIDGE

Note how the strong "X"-frame strengthens it like steel girders strengthen a bridge. See how mechanism is supported by the base frame so that there is no pull on the tub. This sturdy, dependable construction is the reason why millions of women are satisfied with Catacract service.

### BUILT TO ENDURE—FOR 37 YEARS!

TAKE ADVANTAGE NOW! PRICES ARE GOING UP!  
NO DOWN PAYMENT  
TERMS AS LOW AS 75c PER WEEK

## DEBATERS TELL WHY THEY LIKE, DISLIKE SCHOOL

While Calvin Flint, Santa Ana junior college dean of men, last night argued that education at public expense should be carried beyond grammar school for young America because the mind is like a parachute, no good until opened, Law Betts, Tustin teacher, countered with argument that too many students must "unlearn" too many things taught them under the present teaching program.

Flint and Betts, affirmative and negative speakers, respectively, introduced the subject, "Resolved, that public education, at public expense, beyond grammar school, is a benefit to society," before the Forum for Political and Economic Education. Dr. Margaret D. Baker was both program and meeting chairman.

**What Remains**

"The definition of education is a good one," Flint said. "It is that which remains after one has forgotten what he has learned. The subjects taught in public schools above grammar school, open the mind. Only 10 per cent of the population has no need for school education. That group has individual initiative with which it would obtain an education without schools. Another 10 per cent, at the other extreme, must be supported because of low mentality. The rest, the vast majority, need education."

Flint insisted that educational methods have grown to fit needs of our times as the nation advanced along democratic lines. Years ago, education was not necessary as it now is, to preserve Democracy, he argued. Democracy formerly centered about political democracy but now involves industry, the spiritual and other problems.

**Must Understand**

"Democracy does not continue to exist on tradition," the dean said. "We must have our children educated to the place where they can understand our changing conditions. I cannot hold any brief for the negative side of this question."

"If education at public expense above grammar school are accomplished but one thing, elimination of war through teaching of the 80 per cent who need education, it would be worth what it costs and much more," he continued. "Education costs two billion, one hundred million dollars per year, while past wars, armaments and preparations for future wars, cost five billion, 378 million dollars."

**Varied Accomplishments**

Education tends to eliminate hate; provides happier, fuller lives for those who get it; teaches cooperation as a better means of advancing than lone-handed "rugged individualism"; raises health standards, and, by keeping young people in school, helps the unemployment problem, said Flint. Political or economic wrongs cannot be righted by more than two methods, education or dictatorship, he added.

**How Far It Should Go**

"We are not debating the merits of education," said Betts. "I wish everyone had an education—and a car, a home, a yacht and other things to make life happier. We are debating the question of how far we should carry on education by public taxation. There is a tremendous difference between teaching something in school and teaching about something. I don't want these fool economic theories, now taught, to be taught to my children. I don't want my children taught anything I don't believe in, myself. It's all right to teach about economic theories which are false but I don't want the theories

themselves, taught, because I don't believe in them."

Betts admitted it was wise to have a certain amount of education given at public expense but said the limit must be set somewhere "so let it be at the end of the grammar school course."

Schools began because fathers and mothers had knowledge to give to their children and didn't have time to give it, finding it easier to hire someone to give it to them. "That's why I don't want to be taxed for my son's education," he said. "I want him educated in the things I believe. No subjects in controversy should be taught to our children. It is generally agreed that subjects taught in grammar school are non-controversial."

**Pockets of the Poor**

Since education is expensive, parents should not be required to sacrifice too much for their sons' and daughters' educations, the negative speaker declared. Indirectly, taxes for schools come out of the pockets of the poor as much as out of the pockets of the wealthy and, relatively, more taxes for schools come from the poor than the wealthy, he said.

Under our democracy, it is just as right for the government, the people, to buy a youth a 160-acre farm to operate as it is to buy another youth a higher education, if both can earn the same income, afterward, Betts said. "All of this argument that education makes for democracy, won't stand up, therefore," he argued. "Give a boy and girl with ambition, what they receive of education, in the grammar school and nine times as much, through experience, as though they had remained, supported in the higher institutions."

Next Tuesday's debate subject will be announced later.

## Jaysee Society To Hold Picnic

Tomorrow afternoon the Alpha Beta chapter of Phi Theta Kappa, Santa Ana Junior college honor society, will hold its annual picnic at Irvine Park.

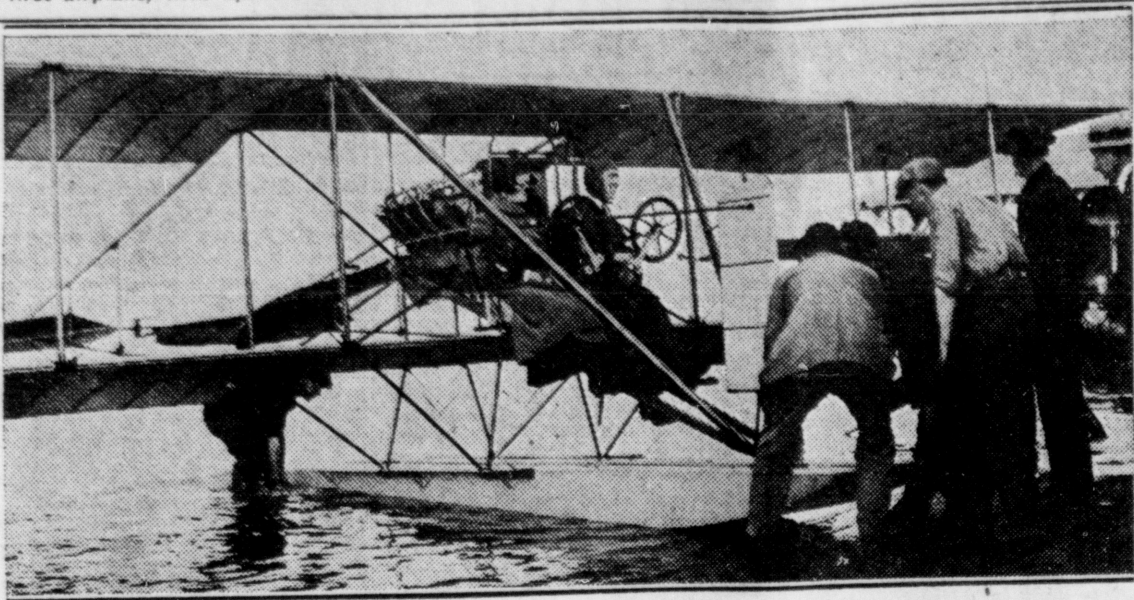

John Ramirez, president, is in charge of preparations. Director D. K. Hammond will be guest of honor at the gathering. Miss Lella B. Watson, advisor, will be present.

**FINDERS NOT KEEPERS**

BERKELEY, Cal. (UP)—The "finders are keepers" tradition does not hold at the University of California. Tabulations show that \$5000 worth of lost articles on the campus were turned in by the finders last year.

## BLUSHING AVIATOR AND CAUSE OF BLUSH

Twenty-five years ago, Glenn L. Martin, airplane manufacturer, blushed. Here he is pictured with the young lady who caused it all, Miss Valeska Suratt. The pair is seated in the plane used by Martin in his record breaking cross water flight to Catalina May 10, 1912. In the smaller picture is Martin's first airplane, with Spencer Collins at the controls and A. Dean Collier ready to spin the propeller.

## GLENN GETS SMACK ON CHEEK AS REWARD; EXUBERANT STAR MAKES AVIATOR'S FACE RED

By TED STEPHENSON

Old timers who knew Glenn L. Martin as a boy, are unanimous in their opinion that the young man was bashful. He wasn't exactly a woman hater; he just found too many other things to interest him, and girls sort of "got in his hair." He blushed easily.

Incidentally, Glenn is still a bachelor after all these years. There's a tip, girls!

Glenn's famous flight from Newport Beach to Catalina Island and return on May 10, 1912, had gained him nation-wide publicity. He suddenly found himself the center of interest, and numerous thrill seekers sought invitations from him to fly.

**Famous Songbird**

On November 21, just five months after his historical cross water flight, Glenn had occasion to blush. At least, newspaper accounts and yarns told by friends

as Glenn prepared to launch the plane. With shoulders hooked under a couple of filmy straps; heels braced across a strip of wood that was the only thing other than space that separated them from earth below, and inner tubes around their waists to act as life preservers just in case they should fall into the water, the pair took off. The flight lasted 20 minutes.

At this point, the old-timers begin to grin. Here's why: just as it was printed 25 years ago in the Santa Ana Register:

"Martin was unconcernedly extricating himself from the straps that tie him to the frame work with which, by using his shoulders, he works the lateral controls, when Miss Suratt leaned over toward him and planted a kiss on the aviator's cheek. Martin was the most surprised man at East Newport. The surprise was so evident, that everyone shrieked with laughter."

## "Seventh Heaven" To Be Staged For School Students

Tickets were on sale today for the annual Santa Ana High school senior play "Seventh Heaven," which will be presented at the school auditorium Friday night. A special student performance will be given Thursday afternoon.

This will be the first time that the stage play will have appeared in Santa Ana, and every effort will be made to duplicate the screen version in the matters of costume, setting and acting.

The leads will be played by Jocelyn Brando and Jack Hutton who will head a cast of 15 players. John M. Swarthout is directing.

Jocelyn is cast as Diane, the young French girl befriended by Chico. The latter is played by Jack, whose part is that of a Frenchman, homeless, an atheist, yet strong-willed and powerfully imaginative.

Settings are being made by the stage craft department at the high school. The all-senior production is presented annually.

Officials have urged that parents and students attend the play. It promises to be highly entertaining. Tickets are now on sale at the Santa Ana Book store, 208 West Fourth street.

**BUNIONS**

Try this wonderful relief. It instantly stops painful shoe pressure on sore spots; soothes, cushions and shields it. Costs but a trifle. Sold everywhere.

**Dr. Scholl's Zino-pads**

## SPECIAL COURSE TO BE COOKING FEATURE HERE

The Happy Kitchen cooking school, to be held next week by The Register at the American Legion hall, will be conducted by Miss Nancy Baker, nationally known for her work in Home Economics, and very popular with the thousands of women who have had an opportunity to become acquainted with her during her years of Home Service and cooking school activities.

For the programs next week, Miss Baker has developed a special course for all women who are doing their own cooking, or are interested in home-making activities—a course which is modern, entertaining, yet entirely practical.

**New Discoveries**

The program has been carefully arranged to bring out the latest developments and discoveries in cooking, in a way that will make

possible their immediate application in every home kitchen.

New recipes, complete new menus, new ideas in entertaining, and short-cuts in household tasks, will be offered during the school, in a program filled with variety and interest. All types of recipes, from the plainest, most substantial fare to dainty party-type confections, with complete menus for both every day meals and gala occasions, will be prepared on the platform.

**Stimulating Ideas**

And after the programs, fortunate members of the audience will take these delectable dishes home to their families.

The women of Orange county are sure to find that the cooking school will provide them with many new and stimulating ideas, practical suggestions for making the preparation of the family meals a more interesting task, and clever hints for smart and gracious entertaining. The dates are May 5, 6 and 7, and a warm invitation is extended to everyone to attend all sessions.

# "Good Looks" Unnecessary In Register-RKO Contest

## GINGER ROGERS WINS CONTEST. LANDS WITH RKO

Rhythm is the keynote to Ginger Rogers' personality and nature. It put her where she is today. It is not merely the rhythm of the "hoofers," that tempo sense which made her dancing a screen delight of recent years, but an essential part of her temperament, seen in almost every significant act of her life. It colors almost all adventures from childhood in Texas to professional maturity in Hollywood.

The long, difficult climb to her present place of prominence has increased, rather than diminished, Ginger's voracious appetite for life—her desire to sample everything. Working out things for herself seems to be another Rogers characteristic. She got her start in the theatre world through her ability to dance. She has the technique of an old trouper, yet she never went to dancing school.

A promotion scheme of a pair of shrewd vaudevillians was responsible for Ginger's dramatic career. Henry Santrey and Anna Seymour began to show an extraordinary interest in the dancing talent of boys and girls of Oklahoma and Texas. They organized a Charleston contest, which took in those two states.

Several things contributed to make Ginger want to enter that contest. This green-eyed, red-haired girl had liked to dance ever since she was knee-high to a Texas horned toad. In the second place, Ginger's mother was society and drama editor of the Fort Worth Record. Mrs. Rogers' business took her backstage. With her went Ginger.

While Mrs. Rogers sought news, Ginger sought adventure. She explored stage, loft, and green room. She watched hoofers rehearse their complicated routines. Retiring to a sufficiently dark corner she would

try to master these routines for herself. Her feet were naturally rhythm-filled.

During her backstage explorations, Ginger met Santrey and Seymour. The two dancers suggested that Ginger enter the contest. Her mother was not present. Mrs. Rogers, as soon as she found out, with devastating logic that Ginger had no clothes. She had the usual array of frilly party dresses but they were not suited to anything so rapid as a Charleston contest.

But the night before the contest, Mrs. Rogers rushed down town and bought several yards of white crepe romaine and a quantity of brilliant. By the next morning Ginger had a gown. In it, Ginger won the Fort Worth contest.

Finals were held in Dallas. The contest committee added a Dallas boy to compete with her. That Dallas audience roared its undivided approval of Miss Rogers, even though she came from a rival town.

As had been foreseen, Ginger received stage offers. Circumstances operated to push her forward. Mrs. Rogers left her editorship to accompany Ginger during her several weeks stardom on the Interstate Theatre Circuit. Ginger was on her way to stage and motion picture fame.

Many would see in Ginger's childhood the seeds of her later triumphs on stage and screen. Boys and girls, with whom she played, were inclined to music, dancing and theatricals. Like most children, they had their basement and attic shows.

Despite all this activity, however, Ginger had no more than the ordinary young girl's desire to become an actress.

When Ginger went on tour after winning the Charleston contest, she selected two of her competitors to go with her, a boy and a girl. Her fellow troupers had red tresses like her own, and her act was billed, "Ginger Rogers and Her Red Heads."

The day after it opened, an eastern motion picture studio wanted her to sign a contract. Ginger liked studio work and decided to devote herself to pictures entirely. She was required to play several ingenue roles.

RKO-Radio tested her for a part in "Professional Sweetheart" and gave her a three picture pact. She handled the role so skillfully that the studio got her to sign a long term agreement.

Miss Rogers has continued to demonstrate remarkable versatility with her characterizations. Following "Roberta" she co-starred with suave William Powell in "Star of Midnight," a sophisticated mystery drama.

In the interim between "Top Hat" and "Follow the Fleet," two musicals with Fred Astaire, she did her first solo starring picture, "In Person."

In her home life Miss Rogers admits peculiar ideas of domestic economy, with the same enthusiasm that marks her pursuit of sports, she engages in such practical, economical and housewifely tasks as knitting, crocheting and petit point.

She has a disconcerting habit of rehearsing her lines while driving her auto. Motorists stopping beside her at traffic signals eye her while she sings, cries, or threatens.

For the most part, Christmas card designs now are supplied by those who habitually work for color printers.

## O'BRIEN IS NOTED STAR

## GEORGE O'BRIEN, RKO STAR, RATED AN EXCEPTIONAL MAN

Few men have been so gifted with all-around athletic ability, and few have used this prowess in such good cause and to such good effect as has George O'Brien. He has been in turn school-boy and collegiate athletic star, in many forms of sport, and even today, after his long and successful career as a motion picture luminary, is generally acclaimed as the best all around athlete in the Hollywood film colony.

While in the United States Navy, O'Brien traveled in Europe, China, North, South and Central America, and has an amazing knowledge of languages. He is an omnivorous reader of history, and spent many weeks in research before he decided to accept the part of Daniel Boone, greatest of all frontiersmen.

It was in 1920 that O'Brien got his first glimpse of the motion picture world. At that time he met Tom Mix, and persuaded him to put him on as a camera man at a rodeo. But lugging the camera did not appeal to him, and in 1923 Hobart Bosworth gave him the role of a sailor in one of his pictures. He played it so well that William Fox was attracted to him and shortly after he was given the leading role in the epic "Iron Horse."

O'Brien's selection for a series of historic adventure pictures was a foregone conclusion. He was fitted for the part by physique, temperament, knowledge and experience, and this caused him to be regarded as ideal for the part of Boone, the frontiersman who played so

large a part in the lives of the settlers in the latter part of the eighteenth century. In the picture O'Brien is seen in many thrilling episodes that start as soon as he leads the wagon-train of homeseekers from Yadkin, North Carolina, to Booneborough, in the Kentucky Valley, beyond the Cumberland Mountains.

George O'Brien was born in San Francisco, April 19, 1900, the son of the late Daniel O'Brien, former chief of police of San Francisco. He was educated at San Francisco Polytechnic High School and at Santa Clara College. He was married in 1933 to Marguerite Churchill, film actress. They have one daughter, Orin, born in 1935. He lives in Beverly Hills, and has a home at Malibu Beach. He neither drinks nor smokes, watching his physical condition at all times.

## Jaysee Group To Tour Edison Plant Tonight

Members of the Santa Ana Junior college chapter of the American Association of Engineers will take a trip through the Edison power plant in Long Beach tonight.

Those making the trip will be Robert Amundson, Josh Brady, Charles Blanchard, Norman Caldwell, Dick Connell, Glenn Cave, Fred Dierker, John Forsythe, Bill Greschner.

Wayne Gray, Melvin Hill, Bill Higley, Tom Hudspeth, Warren Kennedy, Herbert Lyeon, Ronwick Ludlum, Dan Martin, John Matthews, John McBride, Bob Pannell, Dave Phoenix.

John Ramirez, Charles Roemer, William Ruddiman, Lynn Sherrill, Roy Seeman, Keith Tantiingler, John Wallace and Norval Witt. H. O. Russell, chapter advisor, will accompany the boys.

## It's Type That Goes "Over" Now

To enter the films, it is not simply sufficient that you possess that quality commonly described as "good looks."

This was the latest pointer today by R. M. Conklin, circulation manager of The Register, and Vic Walker, manager of Walker's theater, to aid all Santa Ana and Orange county persons to enter the current contest to determine who shall receive a screen test at the RKO Radio Pictures Corporation studio in Hollywood.

More Exacting  
Some of the prettiest girls and best looking young men in this country today are carrying trays in restaurants or sweeping out offices.

Films, in years gone by, were satisfied with good looks. A director belittled orders through a megaphone and the puppets went through their tricks. But with the advent of talkies, and the higher arts of films, requirements that make either extraneous or stardom have grown more exacting year by year.

Will You Register?  
Screen personality is an element now heavily stressed. You may be great on the stage, and you may be an utter flop in pictures. Cameras and microphones "do things" respectively, with your face and figure, and voice. The question is, will you "register" in pictures?

Your voice may rasp and squeak, but the microphone may transform it into the soft smooth tones of a coloratura soprano. Or you may talk with the tone of a rich old violin, and yet your voice may be an impossibility on the sound track.

And because you are homely and

have a wart on your nose, that is not necessarily a drawback. Facial surgeons have done wonders with nasal warts, and casting directors today seem more anxious for a new type, homely or otherwise, than ever before in history.

Any and all may fill out the application blank in today's Register, and be interviewed by Mr. David Smith, with the possibilities of receiving a screen test at RKO studios in Hollywood.

## Cabinet Concern Is Opened Here

For more than 20 years in the business of cabinet making and refinishing, M. E. Bates, recently with the Chandler Furniture company and Santa Ana Lumber company, has just established the Orange County Cabinet and Refinishing company at 1732 West Fifth street, it was revealed. He was open for business today.

Bates, expert at "burning in" furniture and "French polishing," was with the Santa Ana Cabinet company for two and one-half years. He has made Santa Ana his home since 1920.

American pilots have established 46 records in international competition.

## UNIQUE PRINTS IN LIBRARY DISPLAY

Ten ink block prints and pencil drawings dealing with Mexico and things Mexican, the work of Seymour H. Paul, Laguna Beach artist, are on display today at the Santa Ana public library. Librarian Ethel Walker announced.

Paul's work recently was accorded honors at the April competition in Laguna Beach Art gallery. The exhibit will remain here for two weeks, until May 11. It reveals both Mexican landscape and still life art, Miss Walker said. The public is welcome to visit the exhibit.

Natives of the steppes of central and western Asia and the Kalahari region of South Africa have not learned how to make pipes, so they indulge in "earth smoking." This practice consists of making a covered pit in the ground to serve as a pipe "bowl," thrusting a rod through the ground to make a vent or "stem" and then removing the rod. The smoker lies flat on the ground and applies his mouth to the resultant hole.

# 4 WAYS TRITON Saves You Money!

## 1. SAVES Carbon Scrapes

"A"—cylinder head of car driven 6,000 miles with other oils. Note heavy carbon causing car to "ping" badly. "B"—same cylinder head 3,000 miles after motor was switched to Triton. Most carbon has burned away. Knocks have stopped.

## 2. SAVES GASOLINE

Many cars have spark retarded to suppress carbon "ping." Triton allows correct advance setting of spark—without "pinging." Results: You get the mileage, power and efficiency your motor was designed to give.

## 3. SAVES OIL DRAINS

Triton saves oil because it has extreme resistance to "breaking down." It is a safe, full-bodied oil long after many oils are worn out. Should you neglect to drain crankcase at customary time, don't worry about Triton.

## 4. SAVES MOTOR WEAR

Hundreds of fleet operators, private individuals, and technically-minded persons, who keep accurate cost records, report Triton saves them money—reduces motor wear, minimizes repairs, gives freedom from carbon troubles.

## —Gives you BETTER LUBRICATION plus FREEDOM FROM CARBON KNOCKS!

ALL too often... you only begin to pay for motor oil when you put it in your crankcase. And here's the reason: many oils form excessive carbon and sludge. Carbon causes your motor to knock. Knocks reduce power, waste gasoline with every mile and are damaging to your motor.

Sludge gums piston rings, sticks valves, plugs oil lines and causes excessive wear.

Triton cannot form harmful carbon or sludge because it contains none of the low-grade materials that cause a motor oil to break down in use.

Triton is Propane-Solvent refined... 100% PURE Paraffin-base... 100% PURE lubricant... so pure, motors easily burn away the small amount of carbon formed. It gives the finest type of motor protection money can buy—PLUS freedom from carbon knocks and all the waste and damage knocks cause.

Put Triton in the crankcase and forget your lubrication worries. It will save you money—give you a better-running car! You will find Triton at over 9,000 stations in the West.

# SOCIETY AND CLUBS WOMEN'S ACTIVITIES

## Study Club Gives Tea As Benefit For Scholarship Fund

Organized just a year ago, Santa Ana unit of Women's Political Study club of this city already has taken rapid strides toward establishing a scholarship fund such as other Southland units of the club are maintaining.

In an endeavor to raise a sum for this fund, to be used for higher education of young Negroes, the local unit entertained at a Japanese tea Sunday afternoon in the home of the president, Mrs. Goldie Burke, 1411 West Fifth street.

Work being done by units of Women's Political Study clubs of the Southland was explained, and letters commending the groups on their accomplishments were read. It was pointed out that through the efforts of the Political Study club various positions had been offered to young Negroes. For the first time in history, a Negro has been employed in Los Angeles county library, it was pointed out. From U.S.C. faculty came a letter praising the ability of a young woman student who received a club scholarship last year.

Representing the various units of the club were speakers including Mrs. E. W. Moore of Pasadena, Mrs. Alexander, Los Angeles; Mrs. Boyd, Riverside; Mrs. Mason, Los Angeles; Mrs. Verna Potts, Los Angeles Junior League; Mrs. Betty Hill, organizer and executive secretary of the club, who talked on its founding.

On the reception committee were Mrs. Goldie Burke, president; Mrs. Catherine McCarthy, vice-president; Mrs. B. L. Burke, second vice president and other members, each dressed in appropriate Oriental costume. Mesdames McKinney, Wallace, Dean and Adams assisted in serving tea and rice cakes to 75 guests.

Among special guests attending the affair were Mr. and Mrs. James Hild-Mrs. Hild is Franklin P. T. A. past president; Mrs. Marjorie Dudley, Franklin school principal; Miss June Arnold, Franklin school fifth grade teacher, and other local residents especially interested in the work being done by the study club.

## Miss Flagg Inspires Party in Hollywood

Miss Beatrice Dysart, formerly of this city, entertained in her home in Hollywood Saturday evening with a gay kitchen shower in honor of Miss Lorraine Flagg, who will be married in late summer to Sam Skiff of Long Beach.

Guests playing bridge informally during the evening. The hostess served a desert course, carrying out in her appointments, a color scheme of pink and white. Gifts in the chosen colors of green and beige were presented to the bride-to-be for her new kitchen.

The hostess had asked her guests to spend the week end with her, so the affair reached a happy climax Sunday evening.

Sharing the affair with Miss Flagg and the hostess were Misses Betty Mitchell, Mimi Young, Barbara Sutton of Hollywood; Miss Barbara Rumbaugh and Mrs. C. R. Flagg, mother of the honoree, of this city.

## Native Daughters

Initiating two new members, Native Daughters of the Golden West met Monday night in Knights of Columbus hall for their regular business meeting and a session of the practice of the craft.

Delegates named for the Native Daughters convention which is to be held the last two weeks in June at Santa Cruz, were Mrs. Arthur Edwards and Mrs. W. H. Mize. Alternates are Mrs. W. A. West and Miss Gladys Edwards. It was decided to hold the next meeting of the Thimble club at the Laguna Beach cottage of Mrs. Olive Witt.

Following the business session, tables were arranged for bridge, with vari-colored pottery awarded at the conclusion of play to those with highest scores. First prize, a coffee jug, was presented to Miss Helen Nee. Other prizes were pottery bowls awarded to Mrs. Rose Ford, Mrs. Alice Rogers and Miss Dawn Huntington.

Tea and coffee, assorted open-faced sandwiches and cakes were served at a long table covered with a lace cloth and centered with red roses with tall tapers at either side. Mrs. W. H. Mize and Mrs. W. A. West presided. On the receiving committee were Mesdames W. H. Mize, W. A. West, E. T. Wagner, Walter Hickey, Don Lebo and Marguerite Selvidge.

## Bridegroom and Bride Of 50 Years Celebrate Anniversary

Fifty years ago yesterday, April 27, 1887, William D. Grivel and Elizabeth Drobbaugh exchanged vows in the home of the bride's mother in Riverside, Iowa. Yesterday they celebrated this golden wedding anniversary in their home, 1122 South Van Ness avenue.

Mr. and Mrs. Grivel came to California in 1907 to make their home near Garden Grove, moving to this city in 1922. For the past few years they have been living with their son-in-law and daughter, Mr. and Mrs. Thomas Roseberry, and daughter, Betty, South Van Ness avenue. One son and daughter-in-law, Mr. and Mrs. M. D. Grivel, live in Newport road in Tustin, and the other son and daughter-in-law, Mr. and Mrs. Harry Grivel and two children Lola and Robert, are living in Davis Creek.

Mrs. Grivel has been an invalid for several years, so yesterday's celebration was necessarily a very quiet one. Greetings and flowers were sent in by a host of interested friends. An intimate little group of friends shared in the observance, which was climaxed with the serving of ice cream and anniversary cake frosted in yellow with gold leaves, roses and "50th anniversary" in gold letters.

Many of the lovely flowers decking the rooms were from the home gardens, which Mr. Grivel cares for himself. While making his home in Iowa, Mr. Grivel was engaged in stock farming.

## Girl Reserve Workers Begin New Term Today

Meeting this afternoon in the home of Mrs. K. H. Sutherland, 2424 Riverside drive, members of Girl Reserve committee were to hold their first event under the chairmanship of Mrs. John McCoy, who will lead the group during the term which is just beginning.

Plans for a mother and daughter tea May 28, and for other activities were to be discussed this afternoon during a formal meeting and the tea interval as well.

New members of the Girl Reserve committee this year in addition to Mrs. McCoy are Mesdames E. D. Froese, Braden Finch and P. H. Budd. Continuing from last year are Mrs. Sutherland, retiring chairman and Mesdames Glenn Tidball, W. B. Hells, Quentin Matzen, Hubert Nall and the Misses Lena Thomas, Nora Reid, Ruth Gordon and Mary Porter.

Advisors  
Girl Reserve advisors discussed plans for the mother and daughter tea during a meeting last night in the home of Miss Mary Porter, 1167 McFadden street. Girl Reserve club programs and camp plans also occupied the group.

Fifty-five seventh grade Girl Reserves from Willard and Lathrop Junior high schools enjoyed a swimming party recently, climaxed the evening with a covered dinner in the Y. W. rooms. Leaders in the group were Miss Porter and the Misses Billie Bel, Mackie Knight and Joy Townsley.

## Birthday Occasions Surprise Celebration

Miss Linda Paul's birthday anniversary was incentive for a pretty surprise dinner party Monday evening at Daniger's. Mrs. Otto Schroeder, Mrs. Charles Bressler, Mrs. U. L. Plavan and Mrs. John James had planned the affair.

Tables for dinner were centered with dainty bouquets of pink sweet peas, and guests found places by means of "Happy Birthday" place cards. Each guest was presented with a pearly corsage bouquet made by Mrs. Schroeder.

After dinner the group went to Miss Paul's home at 2015 North Main street where they were joined by Miss Paul's houseguests, Mrs. Cherry of Newport Beach and her daughter of Riverside. At the close of the evening, a yellow and white birthday cake was cut and served with coffee. Miss Paul received a rhinestone clip as a gift from the group.

Sharing the affair with the four hostesses and the honoree were Misses Minnie Penman, Billie Foster, Marlin Osborne, Doris Schenck, Flo Flavian, Johanne Eilers, Hazel Nell Bemus and Mrs. Frances B. Hart.

CARD PARTY  
Four tables of bridge were in play recently when an evening party was given in the home of Mr. and Mrs. W. A. Shook, 411 Wakahuia place. Mr. and Mrs. Lowell Witte won prizes for their high scores.

Using sweet peas for decorations, Mrs. Shook provided an attractive setting for a pleasant interval during which refreshments were served. Sharing the event with the hosts and Mrs. Witte were Messrs. and Mesdames Harold Smith, H. C. Snow, C. H. Van Deusen, Howard Shugart, Gilbert Brown and Herbert Huelskamp.

Wrycende Maegdenu  
Instead of picnicking at Irvine park last night as they had planned, members of Wrycende Maegdenu spent the evening in the Y. W. clubrooms, delaying plans for an outdoor party until later in the season.

Covered-dish dinner was served buffet style, and an informal musical program was shared later in the evening.

Members were reminded to turn in their garden tour tickets and reservations within the next day or two. It is expected that a large number of club members will attend the annual Y. W. garden tour May 1, with some of the membership assisting in serving tea in the Hugh Gerrard home gardens between 2:30 and 5 p. m.

## Panhellenic Society Members, Guests Meet in Orange Home

Panhellenic society members and a large number of guests shared last night's dessert bridge party and business session in the home of Mrs. Earl Elson in Orange, with Miss Helen Wieseman, Mrs. Dorothy Charlton and Mrs. Wendell Finley assisting Mrs. Elson as hostesses.

Talisman roses and pansies were arranged effectively in pottery containers from the center of which rose gleaming tapers purple tones. These centerpieces adorned tables for the refreshment interval which preceded other events of the evening.

Guests introduced were Mesdames Clifton Steele, R. H. Riley, Robert Stover, Noral Evans, C. G. Ward, Henry Williams and William Wolaston.

Mrs. Warren Fletcher, president, appointed Mrs. Harry LeBard chairman of a nominating committee, other members of which, Miss Reva Hawkins, Miss Lota Blythe and Mrs. William F. Croddy were named from the floor.

Cards were played for the remainder of the evening. Table prizes went to Mrs. Evans, Mrs. Victor Hupp and Miss Katherine Smith in auction; Mesdames C. H. Holmes, George Spielman, Elsie Daly, Henry Williams and Miss Reva Hawkins, contract.

Members were apprised of plans for a special affair to be given June 12, with one of the first Panhellenic society presidents, Helen Douglas, to reveal further arrangements for the event at the society's May meeting.

## Party Details Suggest Approach of May Day

Since May day is almost here, Mrs. Charles Cathcart observed a Maytime theme in details of a festive affair at which she entertained a group of very small children Saturday afternoon in observance of the fifth birthday of her daughter, Joanne.

Held at the Cathcart home, 722 Kilson drive, the party was a merry event which included favorite childhood games as diversion part of the time. Then of course there was a pleasant refreshment interval during which guests were scattered at a table centered with roses. May baskets and favors were at each place.

Assisting Mrs. Cathcart was Mrs. Velma Platt. Other adults in the party were Mrs. J. Allison, Mrs. Calvin Shores and Miss Ruth Cathcart. Joanne received gifts from her playmates, who included her brother, Ronald Cathcart, just 3 years of age; and Anita Platt, Charlene Shores, Joyce and Donald Allison, Joan Klotzley, Jean McCormack, Lorraine Stillings and Virginia Cathcart.

Japanese Theme Used For Birthday Party  
Tiny Japanese lanterns as nut cups and other appointments carrying out a Japanese theme graced tables for dinner at Daniger's Monday evening when Mr. and Mrs. F. Y. Fullerton of Los Angeles and Mr. and Mrs. Joseph Daniger entertained in honor of the birthday anniversary of Mrs. William Penn.

Bridge was the evening's diversion with Mr. and Mrs. Penn winning high prize, and Mr. and Mrs. George Parker, second. Mrs. Penn received birthday gifts from the group.

Sharing the affair with the two host couples and Mr. and Mrs. Penn were Mesdames Arthur Angle, Elmer Dietrich, Claude Sleeper, Arthur Trawick, George Parker, Frank Corey, Walter Hill and Sidney Allender.

## Auxiliary Meeting Held in Shidler Home

Mrs. V. C. Shidler received members of Woman's Auxiliary to Santa Ana Typographical union yesterday for luncheon in her home at 1129 South Garvey street. Table appointments were in pastel tints.

Mrs. A. W. Mathews received first prize in the game of Beano, and Mrs. C. A. Rousseau was consoled.

The next meeting will be May 11 at 7:30 p. m. in the home of Mrs. W. M. Graybill, 912 South Parton street.

Members present with the hostesses included Mesdames George Wright, C. A. Rousseau, Charles Clayton, J. A. Mathews, C. E. Fisher, J. W. Jones, E. Y. Taylor, E. W. Ellis and J. W. Parkinson.

## Magnolia Circle

Magnolia camp R.N.A. met Monday night in M.W.A. hall to make plans for the next business meeting which will be May 10 in the hall with program in honor of Mother's Day. It was announced that the report of call for the district would be Wednesday night in K. C. hall with Golden State camp as hosts.

The country to be visited will be Holland. Members were reminded of the district convention in Redondo on Thursday.

Mrs. Dean Laub and John Henderson extended an invitation to members of the drill team of which Mr. Henderson formerly was captain to attend a picnic June 6 at Irvine park.

Committee members for month of May include Mesdames Walter Dunlap, Bert Hulme, Rosa Hall and Nichol Sward.

Cards and dancing occupied the rest of the evening. The meeting was preceded by a covered dish dinner. Tables for dinner were decorated with flowers from Mrs. Frederic Miller's home gardens.

Mrs. J. C. Smith received the surprise gift of the evening.

## FLAPPER FANNY

"Gran'ma says I need a good dose of sulphur and molasses." "Maybe, but the only sure cure for spring fever is summer."

## Wedding News Told As Couple Returns From Yuma

Announcement was made today of the marriage of Miss Marjorie Hess, daughter of Mr. and Mrs. J. W. Hess, 1024 West Third street and Thomas Bernier, son of Mr. and Mrs. Samuel Bernier of Garden Grove, the ceremony taking place Sunday, April 25 in Yuma, Ariz.

The quiet wedding, the bride was attired in a pretty costume in rose tones, with white accessories. Attendants were Miss Audrey Harvey and Dick White of this city.

The new Mr. and Mrs. Bernier already have established their home in Garden Grove, where the bridegroom is owner of a garage. He is a graduate of Garden Grove Union High school. Mrs. Bernier, who was graduated from Santa Ana High school in 1933, took a course of study at French Academy of Beauty.

## Daughters of Veterans

In the absence of the president, Mrs. Beren Baker, the senior vice president, Mrs. Ella Smith presided at yesterday's meeting of Daughters of Union Veterans in the M. W. A. Hall. Mrs. Baker is attending the Department Convention of Daughters of Union Veterans which is now in session at Stockton.

Other Daughters attending the convention are Mesdames Rowena Grout, Lena Hewitt, Florence Price, Nellie Parker and Addie Gardner. Plans were formulated for a mother and daughter luncheon May 6 at noon in the educational building of Christian church. Members are asked to make reservations not later than Wednesday morning, May 5 by phoning 1676W or 5629J. All Daughters are invited to attend.

Eastern Star  
Public school week was observed Monday evening with a program which students from Katella, Tustin and Santa Ana presented at a meeting of Santa Ana chapter O. E. S. in Masonic temple. Worthy Matron Betty Gowdy and Worthy Patron Courtney Chandler presided.

The Wollman brothers from Katella gave specialty numbers. Drama class of Tustin Union High school presented a play, with Esther Bell Christian, Dorothy Heil, Gwendolyn McCarter, Margaret Strawn, Jane Conner, Mary Watanski and Dorothy Leonard in the cast. Miss Carol Jean Brinkerhoff of this city gave readings, accompanied by Miss Helen Glancy.

Visitors introduced were from Florida, West Virginia, and Minnesota as well as various Southern California Eastern Star chapters. Announcements were made that Harmony Bridge club will meet May 4 at 12:30 p. m. in the temple; that Deputy Grand Matron Lillian Edwards of Orange will make her official visit to the local chapter May 10 at 8 p. m.; Job's Daughters will exemplify ritualistic work at a regular meeting of Santa Ana chapter May 24. Memorial service will be held that evening.

Also, June 14 meeting will be observed as annual party night.

## Woman's Club Members Organize Music, Drama Section

Organization of a Music and Drama section and election of officers of the Social section of Women's club of Santa Ana took place yesterday in the home of Mrs. G. V. Linsbard, 415 West First street. The occasion was regular meeting of the Social section with dessert served at 1 p. m. Hostesses were Mesdames G. V. Linsbard, R. A. McMahon, Leland Eubank, David Ball, Earl Lepper, Sarah Mathews and E. A. Elwell.

Mrs. J. D. Watkins was elected leader of the new Music and Drama section; Mrs. Glenn H. Hulme, secretary and treasurer, and Mrs. Earl Ladd, press chairman. The section will meet the first Monday of each month at 1:30 p. m. The first meeting will be held at the home of Mrs. A. C. Keck, 205 South Flower, October 4. The first part of the afternoon will be devoted to the study of drama and the last half to the study of music. Charter members include Mesdames A. C. Keck, C. W. Clark, Glenn H. Hulme, Earl Ladd, Harry Brackett, R. A. McMahon, J. D. Watkins, C. V. Linsbard, Leland Eubank, E. A. Elwell, E. M. Waycott, Eleanor Waldron, F. A. Matin and David Ball.

Preceding the social hour, election of officers of the Social section took place, with Mrs. F. A. Martin presiding. Mrs. Glenn H. Hulme was elected the new leader of the afternoon section for the coming year. Mrs. Charles Hossfield was elected secretary. The evening social section's new leader is Mrs. Richard Pagett and Mrs. L. G. Holman is secretary. Mrs. Richard Pagett will act as treasurer for both sections.

Contract and auction bridge and anagrams furnished the diversion following the business meeting. Twelve tables were arranged for playing and were centered with bouquets of roses during the desert course. Ranunculus added an attractive note to other decorations in the home. First prize in anagrams was awarded to Mrs. Minnie Cole. Mrs. Clyde A. Bach won first prize in auction and Mrs. A. N. Zerman, in contract.

## Justweds Return to Establish Home in This City

Returning last evening from a honeymoon trip to Arrowhead, Mr. and Mrs. Gustav Louis Straub, who were married April 24 in Long Beach, are at home to their friends in their home at 1524 North Sycamore street. Mrs. Straub will be remembered as the former Flota Floy Clark.

The wedding took place in the A. L. Oltman home in Long Beach, with the Rev. Henry Kendall Booth of the First Congregational church, reading the ceremony. The bride chose for her costume a frock of navy blue lace over taffeta. Her flowers were camellias and lilies of the valley in corsage arrangement. She was attended by her sister, Mrs. Edward Rountree Lester of Sacramento, wearing a black bolero costume with paisey trim. Her flowers were gardenias. John Martell attended Mr. Straub as best man. Mr. Straub's mother, Mrs. Minna Straub of Yonkers, N. Y., wore an all-white ensemble with a corsage of Spanish iris.

Mrs. Alice Peterson of this city played "One Alone." "I Love You Truly" and the wedding march. The bridal couple stood before a bank of ferns and palms in front of the fireplace, which was lighted by white tapers. Bouquets of pastel shaded flowers were used throughout the house.

Mr. Straub is employed as a civil engineer with the U. S. department of agriculture in the soil conservation corps, and the bride has been secretary in the law offices of John Martell.

A reception was held in the home for the bridal party and a few friends, with little Miss Karen Anderson of Long Beach, Mrs. Oltman's daughter, pouring coffee. A three-tiered wedding cake topped by a tiny bride and bridegroom was served with ice cream. The dining table was centered with pink tapers in crystal holders and a crystal bowl of pink sweets.

DESSERT BRIDGE CLUB  
Mrs. William Jerom Jr. received members of her dessert bridge club in her home at 2209 Greenleaf street Tuesday afternoon. Roses in pastel shades were in small bouquets in the centers of the tables. Prizes for bridge play were awarded to Mrs. George Bradley, second.

Present with the hostess were Mrs. George Preble, a guest, and Mesdames Stanley Norton, Quincy Hardy, George Bradley, Woodrow Barnett and Terry Stephenson Jr.

NEWLY-MARRIED PAIR  
Mr. and Mrs. William Quackenbush, whose marriage was an event of April 15, have established their home in Long Beach, where the bridegroom is a postal employee.

The wedding of the couple was of interest in this city, where the bride was complimented at a pre-nuptial shower given early in the spring in the home of her aunt, Miss Ruth Card, 1028 North Flower street. Mrs. Quackenbush formerly was Miss Helen Card.

# Make This Model At Home

**FROCK BRIGHT WITH DAINTY ACCENTS GOES TO AFTER-NOON PARTIES!**  
**PATTERN 4368**  
**By ANNE ADAMS**

To Anne Adams goes the credit for this lovely young frock that's bright with feminine accents and up-to-the-minute touches! If you're extra-alert to latest fashion, you'll want to stitch up Pattern 4368—for it's one of the newest and smartest of Summer styles. All gay festivities will welcome this model, its brief sleeves deliciously flared, its bodice distinguished by an interesting yoke-panel. And do notice the full, gored skirt! Hesitating about making your own frocks? You wouldn't if you knew how easy this casual model is to make. Even "beginners" will have it finished in a jiffy! You've wide choice of fabrics, so why not stitch up several versions of this frock in cotton, printed synthetic or soft crepe?

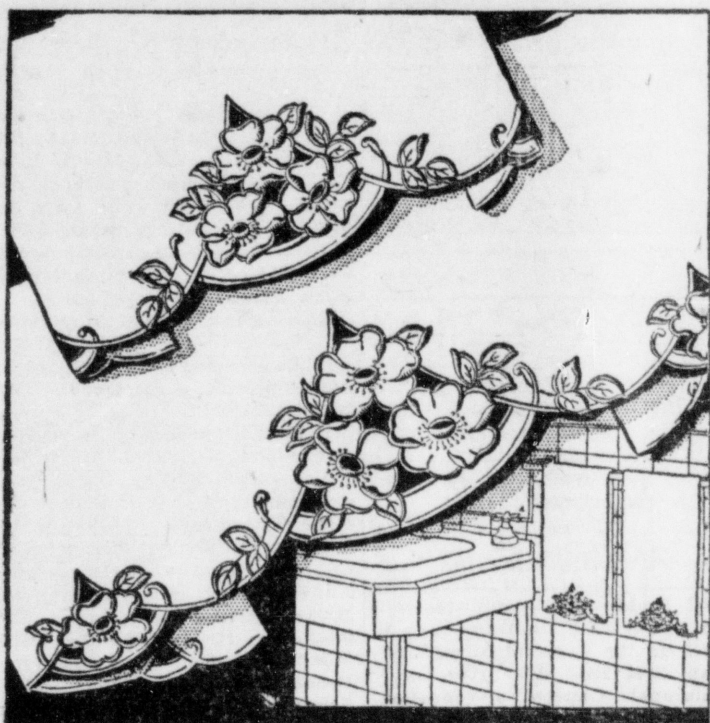

Pattern 4368 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 3 1/2 yards 39 inch fabric. Illustrated step-by-step sewing instructions included.

Send FIFTEEN CENTS (15c) in coins or stamps to Register pattern department for this Anne Adams pattern. Write plainly **SIZE, NAME, ADDRESS and STYLE NUMBER.**

A smart wardrobe — YOURS! Order our current ANNE ADAMS PATTERN BOOK and see how easy it is to make becoming, up-to-the-minute outfits quickly and inexpensively at home! Revel in a wide choice of sparkling all-occasion frocks, suits, blouses—with several slimming styles for the stouter woman. Practical, fashion-right models for kiddies and "debs," too! Fabric tips. **BOOK FIFTEEN CENTS. PATTERN FIFTEEN CENTS. TWENTY-FIVE CENTS FOR BOTH WHEN ORDERED TOGETHER.**

## New Splendor For Linens in Laura Wheeler Cutwork

CUTWORK LINENS

PATTERN 1474

Half the fun of owning pretty things is having friends admire them. And they'll admire these stunning linens, rich with cutwork, the more so when they're your handiwork. And they're all done in buttonhole stitch—no bars! Use self-color or varied color for a sheet and pillow cases, towels or scarfs according to your choice. Pattern 1474 contains a transfer pattern of two motifs 4 1/4 x 17 3/4 inches and one motif 6 x 15 1/2 inches; directions for doing cutwork; illustrations of all stitches used; material requirements; color suggestions.

Send 10 cents in stamps or coin for this pattern to Register Needlecraft department, Third and Sycamore streets. Write plainly **PATTERN NUMBER, your NAME and ADDRESS.**

## The Mixing Bowl

By ANN MEREDITH

Canned pears, your own or your grocer's, form the base of a very grand cold dessert, using claret or domestic sauterie. The recipe follows:

Drain and arrange firm halved pears in a shallow baking dish, core-side up. Fill cores with tart currant jelly and pour enough claret around pears to come up to jelly. Squeeze juice of a large lemon over dish and about 2 tablespoons sugar. Cover the dish and bake slowly for 30 minutes, adding more wine as it bakes away. Have ready a teaspoon of plain gelatine, dissolved. Sprinkle it (1-4 cup liquid) over pears and stir carefully with a fork to distribute. Cool the dish, then set in refrigerator to chill thoroughly. Serve with a spoonful of whipped cream.

A stamped, self-addressed envelope is all you send to get the Safe and Sane reducing diet. You'll like everything about this diet, the food is appetizing and the loss of weight is spaced so correctly, you have no sense of fatigue or loss of pep during reduction.

**CONTRIBUTORS' RECIPES**  
**Deviled Egg Salad Ring**  
6 hard boiled eggs halved, yolks mashed and seasoned with:

3 tablespoons mayonnaise  
1-4 teaspoon dry mustard  
Dash of cayenne and sugar  
Salt and pepper to taste  
Refrill halved whites.

**Aspic Mixture**  
1 can chicken broth  
1 cup boiling water  
1 envelope of plain gelatine  
1 tablespoon, each, lemon and onion juice.

Celery salt, salt and pepper.  
Tiny sweet pickles and stuffed pimiento olives.

—Contributed and tested.  
Prepare the eggs ahead of time to allow for chilling. Soften gelatine in cold water, dissolve in hot water and broth, add seasonings and let stand until cold and half jelled. Flow a thin layer of aspic over bottom of ring mould. Set half of the egg sections and a row of pickles, evenly spaced, in this aspic. Let stand 10 minutes and pour in half of the aspic. Wait a few minutes before setting the remaining eggs. Arrange a row of olives around eggs, press lightly with a spoon and set away to chill. Unmould on a big serving plate and fill center with crisp colorful vegetable salad.

The bride's way to get "onion juice." Peel onion and squeeze on lemon squeezer just as you would a lemon. Believe it or not, it works!

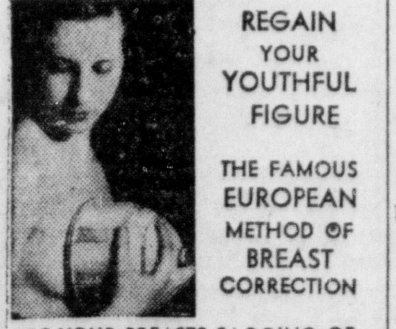

## Baked Ham Slice

Serving Four

Slice cut from center of ham, almost an inch thick.  
Peanut butter and prepared mustard. —Contributed.  
Put in a shallow baking dish and let brown lightly in a hot oven. Remove from oven, spread with prepared mustard, then with peanut butter, return to oven and bake

## Girl to Womanhood

FOR young girls growing into womanhood, for women in middle life going through the "change," or those who suffer from headache, nervousness and discomforts associated with functional disturbances, Dr. Pierce's Favorite Prescription is just the tonic needed. This is what Mrs. J. H. Goldworth of 1116 Sonora St., Stockton, Cal., said: "When I was a girl developing into womanhood I was pale and weak. Mother gave me Dr. Pierce's Favorite Prescription as a tonic and I again felt strong and active. Two bottles of the 'Favorite Prescription' was all I needed." Go to your neighborhood druggist today.  
New size, tablets 50 cts., liquid \$1.00. Large size, tablets or liquid, \$1.55.

slowly for 1 hour (add a little water during baking).

## Kneaded Fudge

2 cups sugar sifted with 4 tablespoons cocoa.  
Add 1 cup cold water, bring to boil and cook to the soft ball stage. Remove from fire and add 3 tablespoons butter and 1-2 teaspoons vanilla. Let stand till cool.

—Contributed.  
Sift 1 tablespoon, each, powdered sugar and flour onto the moulding board. Stir the soft fudge into a ball, turn onto board and knead

as you would biscuit dough. Flatten into oblong sheet, line with a row of walnut meats, fold into compact roll, completing the rolling process in finely chopped walnuts.

Sliced on a slant, this is a candy that will delight you and bring you worlds of compliments. Very finely rolled coconut, toasted, would do instead of the nuts for the coating.

Thursday: Baked Bean Omelette. Baked Alaska.

ANN MEREDITH.

## You and Your Friends

Dr. and Mrs. H. Raymond Smith and son Philip, 100 East Sixteenth street, and Mrs. Annette Smith, 1418 North Broadway, drove to Boulder Dam over the weekend, returning late Sunday night. They spent Saturday night in Las Vegas, going on to the dam Sunday morning. They made the return trip by way of Kingman, Needles and Barstow.

Mr. and Mrs. John T. Morrison, 1210 South Van Ness avenue, have as houseguests, Mr. and Mrs. J. R.

Morris of Omaha, Neb. Morris, who recently sold his business interests in Omaha, is touring Southern California looking for locations to re-establish his business.

Mrs. W. H. Mize and Mrs. W. A. West, both of West Seventeenth street, returned Monday from a 10 day sojourn at Gilman's Hot Springs in the San Jacinto mountains.

Mr. and Mrs. P. G. Kilburn and sons, Gordon and Robert, 1237 Orange avenue, joined a family group for a picnic luncheon Sunday at Fish canyon. The affair

was planned in honor of Gordon Kilburn, who is home on vacation from his studies at California Nautical school in San Francisco. He will return north May 3.

Mr. and Mrs. Malcolm Macurda, 1424 Spurgeon street, were in Fullerton recently for a party given in the home of Mr. and Mrs. Walter Humphreys. The occasion was a reunion of old friends. Following dinner was an informal musical program in which Franklin Skeele and Mr. and Mrs. Macurda took part. Franklin Skeele and Mrs. Humphreys are son and

daughter of the late Dean Skeele of U. S. C.

Mr. and Mrs. C. R. Cook and daughters, Charlotte and Betty, concluded a visit with Mr. and Mrs. Ray H. Snyder, 813 North Olive street. The visitors had been here since January, when they came to Santa Ana from Nebraska. They plan to take up residence in Medford, Ore., where Mr. Cook will continue his work as a member of the staff of Stockman's Journal of Los Angeles. The Snyders and their son, Bruce, enjoyed a recent overnight stay in San Diego.

## Mother's Day May 9

**LET'S GO BUY-BUY WITH BETTY ANN**

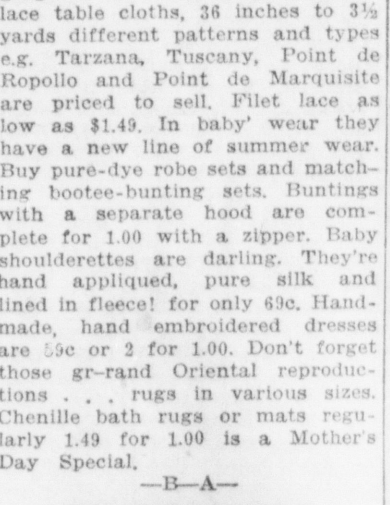

The most beautiful suit can seem tiresome to the wearer if it is always worn with the same accessories. There is, however, such a wide choice of neckwear this season, that as soon as a suit is bought, a variety of these lovely, flattering vestees, gilets and guimpes should be bought at once.

**ABOUT THESE NEW COLORLESS, REVERLESS JACKETS** encourage the bleak look about the neck. It's a pleasant change after all these years of muffled necks. However, if you can't be converted, wear Schiaparelli's new necklace of bright beads twice the size of marbles or bring out your sables or foxes.

**H**OME CAFE, 314 N. Broadway. For a perfectly delicious home-cooked dinner go to the HOME CAFE. You'll get a wonderful meal for only 60c. Take the family along. They'll love it, too. Santa Anans have crowded the place for years. You'll find good food where the people go. Eat there this week!

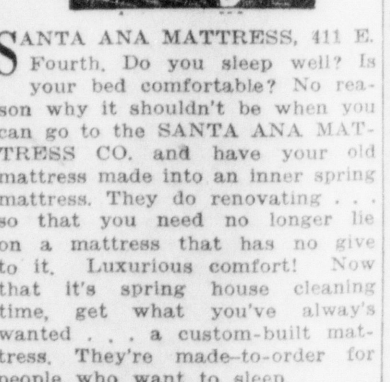

**S**ANTA ANA LINEN STORE, 114 E. Fourth. Beautiful banquet cloths, elaborately embroidered in point de venise, point des espart, cut work, Richelieu in all sizes and patterns, with a dozen napkins are purchasable at the SANTA ANA LINEN STORE for gorgeous Mother's Day gifts. In lace table cloths, 36 inches to 3 1/2 yards different patterns and types e.g. Tarzana, Tuscan, Point de Repollo and Point de Marquise are priced to sell. Pilot lace as low as \$1.49. In baby wear they have a new line of summer wear. Buy pure-dye robe sets and matching bootie-bunting sets. Bunting with a separate hood are complete for 1.00 with a zipper. Baby shoulderettes are darling. They're hand applied, pure silk and lined in fleece for only 60c. Hand-made, hand embroidered dresses are 50c or 2 for 1.00. Don't forget those gr-and Oriental reproductions... rugs in various sizes. Chenille bath rugs or mats regularly 1.49 for 1.00 is a Mother's Day Special.

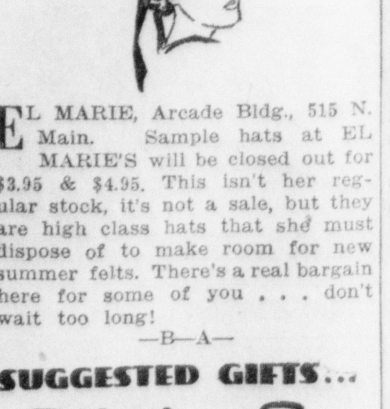

**S**COULLER'S, 312 N. Sycamore. Tailored suits of gabardine and pastel kasha colors are now being shown at SCULLER'S. Also the darker suits for more practical every-day-business wear. Sport coats come in nearly every color. White is paramount right now. One we liked was very trim with its taffeta lining.

**S**ANTA ANA MATTRESS, 411 E. Fourth. Do you sleep well? Is your bed comfortable? No reason why it shouldn't be when you can go to the SANTA ANA MATTRESS CO. and have your old mattress made into an inner spring mattress. They do renovating... so that you need no longer lie on a mattress that has no give to it. Luxurious comfort! Now that it's spring house cleaning time, get what you've always wanted... a custom-built mattress. They're made-to-order for people who want to sleep.

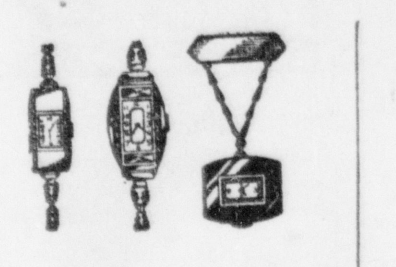

**A**LBERT'S HAIRCUTTING PARLOR, Moore Bldg., Room 317, phone 311. The back of your head is just as important as the front. Maybe more so, because you don't see it so often and are apt to neglect it. Isn't that so? Ask ALBERT to give your hair just the right look so you'll always feel "perfectly groomed." ALBERT cuts your hair to suit the shape of your face. He's experienced!

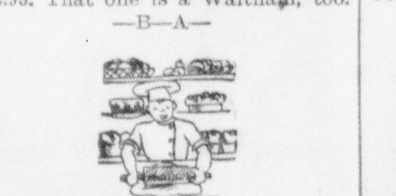

**A**RCADE REMNANT SHOP, Arcade Bldg., 515 N. Main. Just in! Some lovely thread to make crocheted sweaters. It comes in several fast colors. And... there are 400 yards for 20c. Not many balls have as much as 400 yards in them. So you see how little a sweater will cost you. At the ARCADE REMNANT SHOP you can buy needles and get the instructions for making the sweaters, too.

**SUGGESTED GIFTS... for Mother's Day**  
**C**HIC LINGERIE SHOP, 219 N. Broadway. Give her a knit slip, built-up shoulders @ \$1.19 or  
A pair of hose with two-way stretch top @ \$1.09 pair.  
or  
A large apron, fine quality print @ 59c, 69c, 79c.  
or  
Hankies — Gowns — Shorts, etc.

**H**. R. TROTT, JEWELER, Fifth way at Sycamore. Mr. Trott is going to have a new, modern store. Hundreds of articles will be sold for less than half price. Buy your graduation gifts, Mother's Day gifts, extra bridge prizes to have on hand and shower gifts now while the prices are low. For graduation, one of those well-known American watches: Waltham, Elgin, and Gruen can be held by a small deposit. Visit H. R. TROTTS for hundreds of watch bargains! \$19.75 for a 21 jewel new round Waltham that priced regularly at \$39.50. There's a Waltham 15-jewel new-streeline with the yellow gold color special at \$11.95. And Ladies' Waltham regularly \$39.00 for \$21.95. There's another with a stainless steel at \$12.95. That one is a Waltham, too.

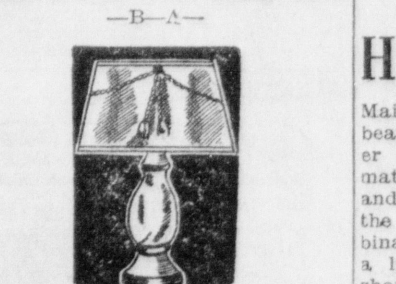

**E**ATON'S BAKERY, Grand Central Market, Seasonal strawberry pie — the tastiest thing, and positively luscious looking. Go into EATON'S BAKERY today. Ask for the strawberry pie that Betty Ann talked about. Take it home for dinner or for a lovely luncheon desert. You'll have them all raving. Buy fresh bread and rolls while you're there.

**C**ARRIE KNIGHT, 103 N. Olive (1 block W. of Flower, 1 block No. of First). If you have your fur coats or fur pieces remodelled, CARRIE KNIGHT will store them FREE for the summer. Free storage safeguards your garment from the danger of moths, fire, and loss. There's no doubt but what it pays to take care of your furs, is there? Carrie Knight is an experienced fur worker.

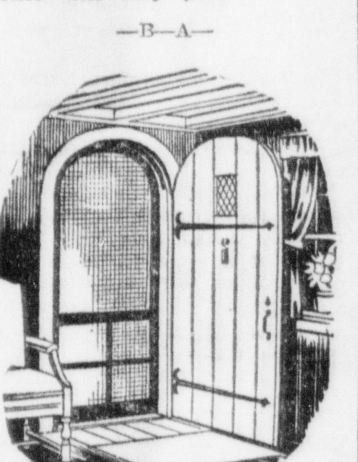

**S**TANLEY'S SHOE REPAIR SHOP, 417 1/2 N. Broadway (opposite the Bldg. Theatre). Take that well-worn but beloved pair of shoes into STANLEY'S if you want to see them take on new life. They do fine repair work. And... they lengthen and widen shoes for you, too. A new stock of "White Ace" shoe polish has just arrived which has a guarantee of satisfaction or your money back.

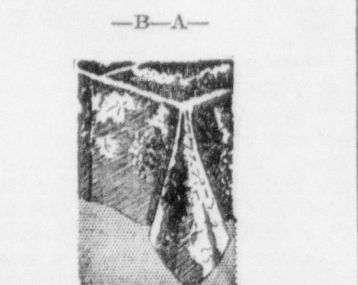

**H**ELLEN TIETJEN'S (pronounced Tee-jen) LOCKWOOD GIFT SHOP, Arcade Bldg., 515 N. Main. Mother's Day Special... beautiful 8-cup pottery coffee server with sugar and creamer to match for only \$1.19 the set. Green and yellow only... you may have the set of all one color or a combination of the two. There's only a limited amount so you'd better shop early.

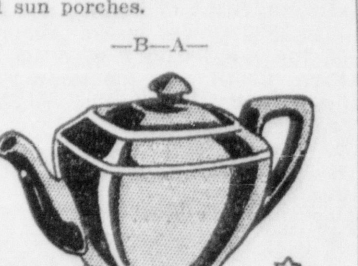

**D**ETTLER PAINT CO., Broadway at Fifth. Consult the Home Painting Service Dept. of the DETTLER PAINT CO. for information on the correct use and application of paints, varnishes, lacquers or enamel. You'll find this organization will give you authentic information based on 26 years of continuous operation in the paint business regardless of what product you're using or where it has been purchased. Information for its use will be cheerfully and correctly given without any questions asked. Let them make life more colorful for you by the correct use of good paint materials. Phone 3608. The Colorful Corner will help you!

**H**AMMOND BROTHERS CORP., 1246 S. Main. Phone 2617. Moulite is made to lay directly on cement floors. It comes in different colors. Its moisture proof and heat proof and is therefore ideal to use for coverings to keep the floor dry and at an even temperature. Composed of asphalt and asbestos, Moulite is used advantageously in basements or for play floors. It has all of the beauty and color value of the highest priced rubber tile, 'twill outwear the heaviest linoleum, and... it's economical to use.

**W**ORK BASKET, 411 N. Broadway. This shop closes at 6 on Saturdays now. You should see the lovely assortment of adorable hankies, luncheon sets, and gorgeously-embroidered and hand-applied towels that we saw at the WORK BASKET. The Persian prints will make nice Mother's Day gifts ideal for beaches, mountains, and sun porches.

**A**LLIE MAE One-of-a-kind. Just finished! A print dress, it's two-piece, size 18 and only \$14.50. It's complete for the street with accessories. You know by now what fine work ALLIE MAE does... any dress you get there is original, too, because she only puts out "One-of-a-kind" and she designs all of them herself! Arcade Bldg., 515 N. Main.

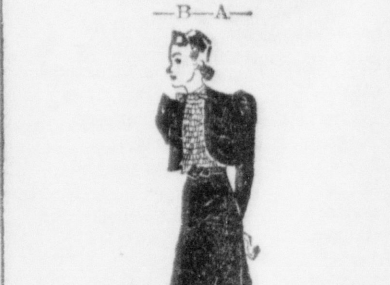

**C**OOK CARROTS. Mash. Add beaten egg, milk and onion juice. Put buttered bread crumbs on the top. Place in the oven to brown.

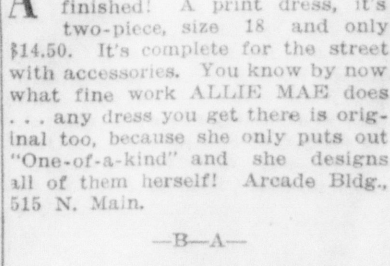

**S**ANTA ANA LINEN STORE, 114 E. Fourth. There are some perfectly fascinating bridge and luncheon sets at the SANTA ANA LINEN STORE. For \$5.95 there's a 17-piece set, elaborately embroidered in pineapple linen... all colors. There's a big special for \$4.95 and \$3.95 in a pineapple linen hand-applied luncheon set, 54 by 54 with 6 napkins. Then, there's a hand-blocked grass linen luncheon set for \$1.00 in 4 shades: blue, green, gold, and rose. In a Peasant bridge set, 5-piece, you can get different patterns and colors at only 59c a set. There's a real bargain in the Satin Damask Dinner Sets 72 by 90 with a dozen napkins for \$6.95. For \$5.95, you get 8 napkins. They come in green, peach, gold and ivory. Very reasonably priced is the heavy Irish linen double damask, unhemmed with napkins to match. Especially lovely for Mother's Day gifts are the hand-applied, lace-trimmed, linen, etc. hankies as low as 5c and up. Oakbrook hose makes a welcome gift, too.

**S**ANTA ANA TENT AND AWNING CO., LTD., 1626 S. Main. Phone 267. Custom-made swings better than you can buy them, or your old swing re-made better than you can buy a new one. That's what the SANTA ANA TENT & AWNING CO. promises to you this week. They're a custom-house and they make mat sets and garden sets to match. You can brighten up your porch or garden by selecting colorful garden furniture from this store. You have your choice of colors, plain or prints. With a good substantial body, you can't go wrong, can you? Go to this store where you're sure to get excellent results.

**R**UTHERFORDS, 515 E. First. New Gossard foundation garments are now available... in a complete full line at RUTHERFORDS lovely store... where there's always plenty of room to park. They're new dress hats, too... they're light and airy. And Allen-A hosiery for 49c up. When you're stocking up on other things ask to see their devastating supply of summer underwear. Night gowns and p.j.s attractive enough almost to be worn out of the boudoir... in tailored styles, lace, volles, appliques, etc.

**S**UNET CLEANERS & DYERS, 904 W. FOURTH. The only licensed operators in Santa Ana who use the Hid System for cleaning carpets are the SUNSET CLEANERS. And... they deliver. It's a service for discriminating people. This cleaning concern is a home-owned business that caters to those at home. Have your carpets cleaned!

**P**ACIFIC POTTERY YARD, Main at 20th. Here's a special for you! On Thursday, Friday, and Saturday only. Baiter 9-inch plates will only cost you 37c a piece. This is a bargain, isn't it? It's a good time now to replace or fill-in those pieces you've been aching to get your fingers on. Come-yehither colors in colorful pottery!

## Remember Mother's Day

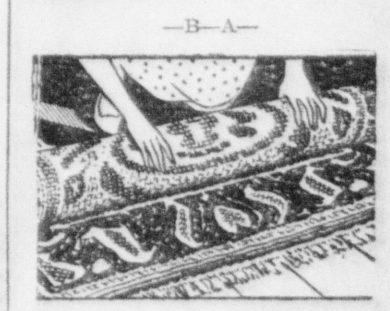

**ST**IEENS, 307 W. Fourth. "Today is sort of different. From the others, in a way. For though I ALWAYS love you, Mom, I TELL YOU SO today!" A touching verse, is it not? Just one of the many on display at STEIN'S. Mother's Day Cards of all descriptions! The loveliest cards imaginable... and such a glorious array of them. Cards to make her laugh, and some affectionate enough to bring a hastily-wiped away tear to her eye, because she'll realize you love her so. There are cards to Grandma and Aunt, a substitute Mother, somebody else's Mother, and even some including father. STEIN'S HAVE what you want if you want Mother's Day Cards. Just ten days left!

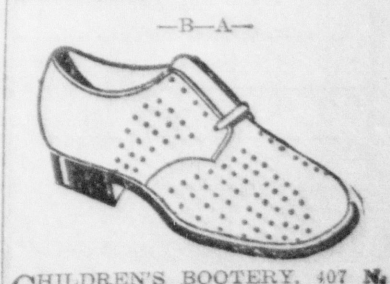

**C**. R. STAUFFER, Plumbing and Heating, 212 N. Broadway. Phone 4291-W. When you choose a HOYT Hot Water Heater, you're selecting one that is rust-proof because you're getting Everdur metal which means you have the ideal metal for rust-proof tanks. None who has enjoyed a plentiful supply of hot water would ever be without this invaluable aid to the fullest enjoyment of the home. To have hot water just when you want it by merely turning the tap! But... be sure you buy a HOYT Hot Water Heater from C. R. STAUFFER'S!

**S**UNET CLEANERS & DYERS, 904 W. FOURTH. The only licensed operators in Santa Ana who use the Hid System for cleaning carpets are the SUNSET CLEANERS. And... they deliver. It's a service for discriminating people. This cleaning concern is a home-owned business that caters to those at home. Have your carpets cleaned!

**C**HILDREN'S BOOTERY, 407 N. Broadway. Buy your children's school shoes now for the rest of the season. Buy shoes that protect their feet and encourage the bones in their feet to grow right... the kind of shoes you get when you buy at the CHILDREN'S BOOTERY. Gertrude Bradford caters to the hard-to-fit feet of growing girls.

STORIES IN STAMPS

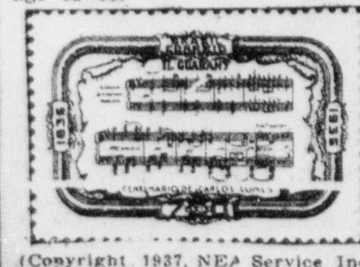

BY I. S. KLEIN

MUSICAL STAMP RECALLS COMPOSER

A FEW bars from his greatest opera, "Il Guarany," appear on one of the stamps issued by Brazil in 1936 to commemorate the 100th anniversary of the birth of Carlos Gomes. It is the first time such a stamp has appeared. Gomes was the son of a music teacher and orchestra conductor. His earliest training, therefore, was in music. By the time he was 25, he saw the performance of his first opera. This attracted the attention of Emperor Pedro VI of Portugal and Brazil, who sent him to Europe for further study. There he wrote more operas, songs, and other musical selections. Among these, in 1870, came "Il Guarany," dedicated to the Guarany tribe of Brazil.

In 1892 Gomes became director of the conservatory of music at Para, Brazil. In the same year he produced his famous cantata to Christopher Columbus, first to be played in the United States. He died four years later, at the age of 60.

NEXT: How old was Wenceslaus IV when he became King of Bohemia?

PLAN ALL DAY MEET SAN JUAN CAPISTRANO, April 28.--An all day meeting of the Ladies Aid society of the San Juan Capistrano Presbyterian Community church will be held tomorrow. The meeting will start at 10 o'clock in the morning with a pot-luck luncheon served at noon. All ladies in the community are invited to attend.

Raindrops are perfect examples of streamline bodies.

Church Society Plans Food Sale

GARDEN GROVE, April 28.--Gathering for a pot luck dinner in the First Methodist church Monday evening, members of the Queen Esther society planned a cooked food sale for May 8 at Schneider's grocery. The girls decided to attend a district rally of the Queen Esther society at Huntington Beach on May 3. Devotions were led by Joyce Arkley. The meeting was presided over by Dorothy Swenson.

Others present were Isabelle Biers, Eulens Kuykendall, Marjorie Merchant, Rutha Wooton, Evelyn Long Juanita Maxson, Lois Davis, Doris Gilbreath, Virginia Stronge, Betty Swenson and Miss Velda Barnes, advisor.

Only young chiggers pester human beings.

## REBEL ARMY IN BILBAO DRIVE

HENDAYE, Franco-Spanish Front, April 28.—(UP)—Gen. Emilio Mola's victorious Nationalist army began a swift, mechanized drive down the Nervion valley toward Bilbao today.

Before it, fled a defeated, demoralized loyalist army which hoped to make a last stand on the outskirts of the Basque capital, where were more than 200,000 terror-stricken refugees.

Behind Mola's army, the flames of a dozen burning towns lighted the skies; thousands of wounded men from both sides filled emergency hospitals and an insurgent salvage corps began collecting tons of war supplies abandoned by the retreating Basques.

Durango was encircled—virtually captured. Elba and Guernica, the ancient Basque capital, both still burning despite 24 hours of fire fighting by insurgent troops, were reported ruined.

MADRID, April 28.—(UP)—Rebel batteries resumed their two-week shelling of Madrid between 3:40 and 5 p. m. today. Six shells landed in the Gran Via, principal boulevard, within 15 minutes.

The shelling coincided with the forming of queues for the first shows at numerous cinema theaters in the Gran Via and Plaza De Callao.

## COMMITTEE TABLES SARDINE MEASURE

SACRAMENTO, Calif., April 28.—(UP)—Sen. Edward W. Tickle's bill aimed at placing floating sardine reduction plants under the jurisdiction of the state fish and game commission and taxing them on the same basis as shore plants was tabled last night by the assembly fish and game committee.

Senator Tickle argued for favorable action on the measure, stating the shore establishments and floating plants should be subject to the same regulations, or all regulatory provisions should be removed from the law.

Chief opposition came from Sen. Walter McGovern, San Francisco, who pointed out what he termed "ridiculous provisions" of the proposed law. It sought to regulate fishing activities beyond the three-mile limit, something the United States government itself was powerless to do under international practice, he said.

## ARRANGE VISITS BY U. S. WARSHIPS

WASHINGTON, April 28.—(UP)—The navy department will send a dozen warships to European and South American shores on friendly visits during the month of May, Secretary of the Navy Claude A. Swanson announced today.

The unusual activity in Atlantic waters is accounted for by fact that a number of new warships recently have been completed and are being given their "shake down" cruise trials. At the same time the annual midshipman cruise gets under way and the battleship New York steams for British waters to participate in the coronation ceremonies of King George VI.

SAILORS' CHARTER RESTORED  
SAN FRANCISCO, April 28.—(UP)—The charter of the Sailors' Union of the Pacific, revoked last year following a bitter jurisdictional dispute, has been restored by "secret but official" action of the International Seamen's union executive committee, it was reported here by S. U. P. officers.

## Gas, Gas All the Time, Can't Eat or Sleep

"The gas on my stomach was so bad I could not eat or sleep. Even my heart seemed to hurt. A friend suggested Adierka. The first dose I took brought me relief. Now I eat as I wish, sleep fine and never feel better."

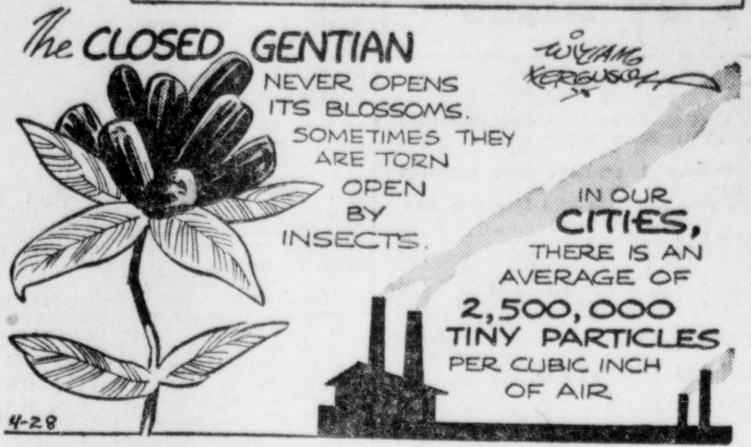

—Mrs. J. E. Filler.  
Adierka acts on BOTH upper and lower bowels while ordinary laxatives act on the lower bowel only. Adierka gives your system a thorough cleansing, bringing out old, poisonous matter that you would not believe was in your system and that has been causing gas pains, sour stomach, nervousness and headaches for months.

Dr. H. L. Shosh, New York, reports "in addition to intestinal cleansing, Adierka greatly reduces bacteria and colon bacilli." Give your bowels a REAL cleansing with Adierka and see how good you feel. Just one spoonful relieves GAS and constipation.

MCCOY DRUG CO.

## THIS CURIOUS WORLD

By William Ferguson

MOST of the particles which clutter up the air we breathe are not soot and dust, but tiny particles less than one millionth of an inch in diameter. New York City air showed 7,900,000 to the cubic inch, Pittsburgh, 5,850,000, and a test made over the ocean showed 32,000. In a city, some 900,000,000 of these nuclei pass through our lungs every minute.

## SEEK OCEAN FRONTAGE FOR PARK NEAR HUNTINGTON BEACH

HUNTINGTON BEACH, April 28.—Acquisition of additional beach frontage and the possibilities of establishing a state park adjacent to this city are to be discussed Friday morning at a meeting in Los Angeles between Executive Secretary William Gallienne of the Chamber of Commerce here and representatives of the State Parks board.

A communication was received by Gallienne yesterday from Secretary John Covington of the State Division of Parks asking the local chamber representative to meet with the state group, Hansen Moore, general manager of the Mills Land & Water company, owners of 9,000 feet of beach frontage between Tent City and the city limits and approximately 200 acres across Coast Highway from this frontage, will accompany Gallienne to the State Building for the conference.

It has been suggested that the state acquire title to all beach frontage south from the city limits to the Santa Ana River and the 200-acre tract, as a state park site. The remaining 1600 feet between Tent City and the city limits would be acquired by the city council, according to Gallienne. The auspicious development program, fostered by the chamber of commerce and approved by the city council, provides for improvements to more than a mile of beach here.

At a meeting to be held tonight at 7:30 in the chamber of commerce offices, city councilmen and members of a chamber committee in charge of the five year plan, will discuss ways and means of launching the ambitious program.

## TWO PLANES SAFE AFTER DUST FLIGHT

CHEYENNE, Wyo., April 28.—(UP)—Two transport planes, trapped in a blinding dust storm with 11 passengers and five crew members aboard, were safely landed today, one slightly damaged and the other grounded on an emergency field.

One of the planes was saved by two high school teachers at Sterling, Colo., who intercepted its distress signals on an amateur radio set and aroused the town until a thousand automobiles were gathered at the airport to furnish light for a landing.

The other plane, a United Airlines liner that was lost for an hour after it left the Cheyenne airport, was found by a searching party a mile and a half away. It was reported to have struck a power line. None of the nine passengers or three crew members were hurt. They sat calmly in their seats awaiting rescue rather than brave the dust outside.

The Hooker Oak, of California, is the largest leafing tree in America; 8000 people can be shaded by it when it is in leaf.

## INSURANCE FIRM LOSES \$522 SUIT

The St. Paul Mercury Indemnity company failed to collect the \$522 asked of S. J. and Genevieve Rice, Detroit, yesterday afternoon in Santa Ana justice court, in a suit for damages, assertedly growing out of a car crash in 1935.

The insurance company was ordered to pay \$33.50 court costs of the Rices, made defendants after a collision of Father Lucien LeGaignere's car and that of Mrs. Nancy C. Russell. The Rices were accused of operating their car so negligently as to cause the LeGaignere and Russell cars to crash on 101 highway.

## SUPPLY MEASURE IS GIVEN BACKING

WASHINGTON, April 28.—(UP)—The house appropriations committee favorably reported today a \$75,206,845 deficiency supply bill, estimated in line with the president's economy drive.

The measure carries deficiency funds for various departments and \$40,166,270 for the Tennessee Valley authority. The major reduction was \$15,000,000 from a budgeted appropriation of \$30,000,000 for processing tax refunds. The TVA budget was reduced \$4,333,730. Increases over budget figures occurred in other items.

The bill provided \$488,500 for the post office department to start two additional airmail routes in South America.

Major items in the bill, in addition to TVA and processing tax refunds were \$14,725,500 for the post office department to cover costs of indicated labor increases in mail volume, and \$1,582,000 for administrative treasury expenses in paying off bonus bonds.

## FOUR CANNERIES IN STOCKTON REOPENED

STOCKTON, Calif., April 28.—(UP)—With full steam up by mid-morning, three of the four strike-bound food canneries in the Stockton area reopened today under an agreement reached by cannery workers, officials of a new union and Gov. Frank F. Merriam at Sacramento.

The plants operating today were the Richmond-Chase, the Packwell, and the Mor-Pak. The Stockton Food Products company, scene of rioting and bloodshed last week did not reopen today but was expected to go into production next week.

The busy hum of machinery and the quiet of the countryside today presented a marked contrast to last week's disturbances in which more than 50 persons were injured.

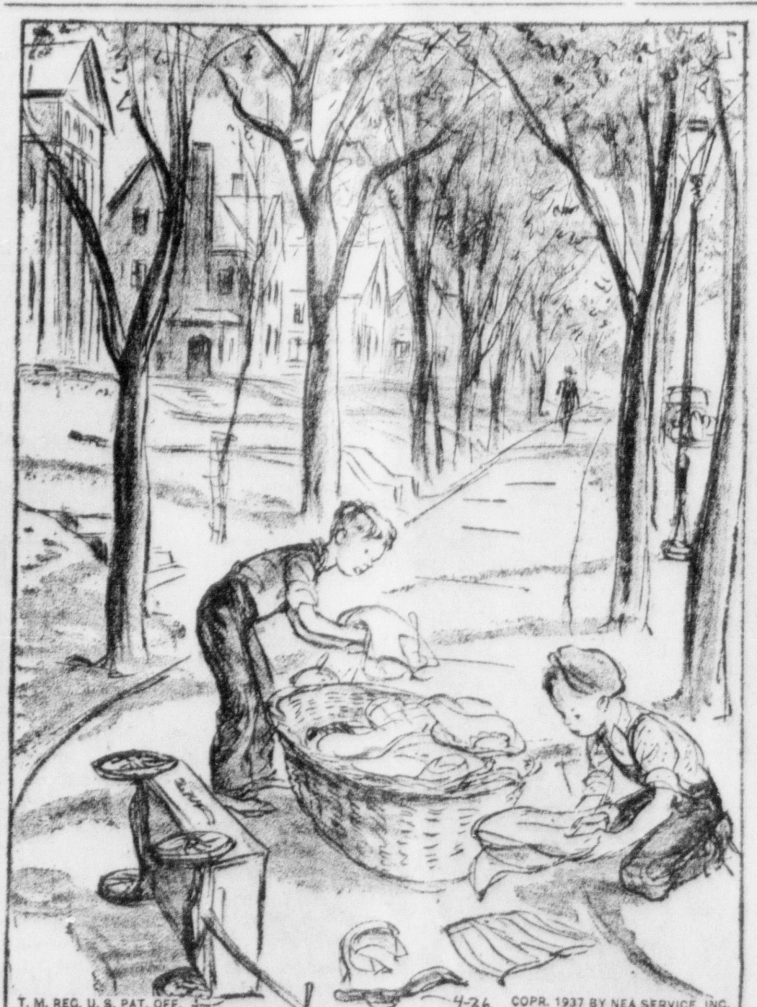

## HEARINGS SLATED ON CENSUS BILL

WASHINGTON, April 28.—(UP)—The senate commerce committee today authorized public hearings on an unemployment census bill less than 24 hours after President Roosevelt said there is no need for such an enumeration.

WIFE REMAINS ON STRIKE  
LONGMONT, Colo., April 28.—(UP)—Mrs. Genevieve Johnson began the third day of her sit-down strike for alimony, resting comfortably in a rocking chair on the lawn of her parents-in-law with whom her estranged husband is living. She demands \$670 a week for support.

FIRE DAMAGES CAR  
Short in the wiring of Leroy Hostetter's automobile, at Fifth and Main streets, about 3 p. m. yesterday, resulted in a fire, extinguished by the fire department. Hostetter lives at 1321 Orange avenue.

## WALKOUT OF FILM WORKERS DELAYED

HOLLYWOOD, April 28.—(UP)—Hollywood's movie industry was free at least temporarily today from the threat of a crippling strike.

A walkout planned for today by the film painters and allied unions was delayed last night at a conference with Pat Casey, labor coordinator for the Motion Picture Producers' association.

Simultaneously, high salaried stars entered the film industry labor troubles when their Screen Actors' guild presented demands which were not, however, accompanied by strike threats. A conference with producers was planned.

Under the truce, strike action was delayed until Friday, when a reply from the producers was promised.

Casey a few hours earlier conferred with Kenneth Thomson, secretary of the Screen Actors' guild, representing most of the high priced movie stars. Thomson presented a set of demands reportedly including guild recognition.

## COMMITTEES TABLES RACE TRACK BILL

SACRAMENTO, Calif., April 28.—(UP)—The assembly public morals committee today tabled the Donihue bill to increase the California horse racing commission membership from three to five. The vote was 8 to 1.

Supported particularly by persons seeking a second major track in Southern California and by others who protested that the present commission has shown favoritism and prejudice in dealing with track applications, the bill was based upon recommendations of the Donihue interim investigating committee.

Assemblyman Leon M. Donihue said he would make no attempt to draw the bill from committee for consideration on the floor.

## Police News

On report of Mrs. J. Bayha, 1043 West Eighth, that a man who appeared ill was on the sidewalk near her home, Officers Harry Pink and Charles Wolford investigated, finding Mossa Marcos, 1345 West Eighth was taken to Orange county hospital.

Although an unidentified woman telephoned police yesterday that a man was shooting birds at 818 West Walnut, Officer Harry Prichard failed to find either the man or the address. Neighbors said they knew nothing of the shooting.

L. W. Hudson, Upland motorist, told police early today, he allowed a mysterious car which, traveling without lights, had driven along Santa Ana streets, bearing two bicycles. The bicycles were dumped at a garage adjacent to the telephone company building and the men drove alongside of Hudson, challenging him to fight, he said.

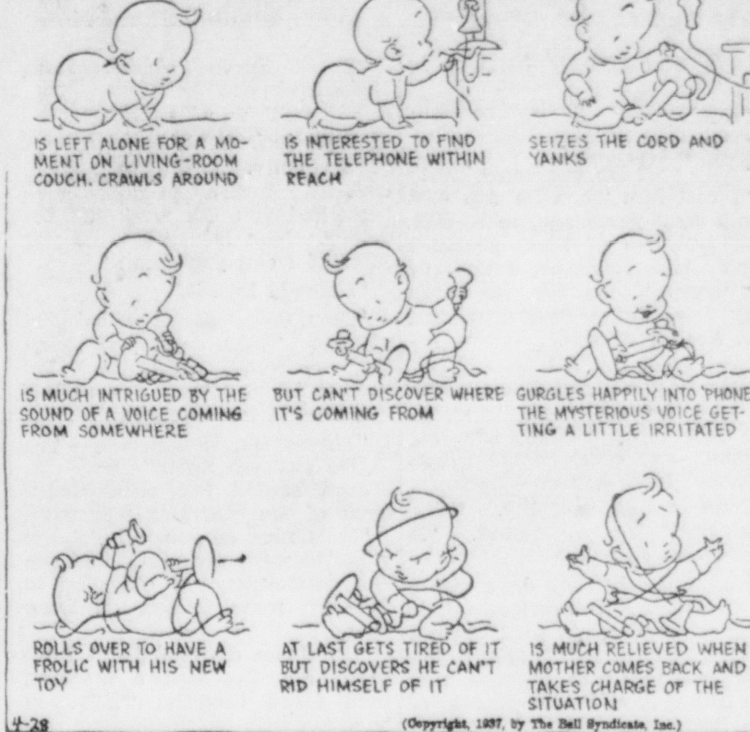

Allen Hollingsworth, 2442 Riverside drive, said his bicycle was stolen yesterday from the high school. Police are hunting for the bicycle, valued at \$20.

Calixtro Alecia, 36-year-old lemmicker, of 1220 East Second, yesterday was arrested by Officer Harry Prichard on a charge of failure to finish paying a fine. Alecia paid and was released. Albert Lopez, 39, 1910 W. Fourth, and Frank Chavez, 26, 1233 West Second, were served with similar warrants by Officer Prichard and booked at county jail.

HAS REAL COMPLAINT  
"Everybody would have been in the morgue right now if we hadn't been driving slowly," declared Fred W. Timm, 1318 Orange avenue, at police headquarters this morning. He referred to a near-accident at Orange and McFadden streets. Timm said another car traveling 70 miles an hour, nearly hit his car. Police were checking a license number.

## PLAN SPECIAL CACHETS FOR GLENN MARTIN FLIGHT MAY 10

NEWPORT BEACH, April 28.—Of special interest to philatelists will be a special cachet that the Newport Beach post office and the post office at Avalon on Catalina island will use on letters carried by Glenn Martin on May 10, when he makes his flight from Newport Beach to the island in commemoration of the seaplane flight that he made over the same route twenty-five years ago. It is planned to have mail go to Catalina by air and be remailed there, it was stated by members of the local Chamber of Commerce in charge of arrangements here. All letters to receive the stamps and the Avalon postmark must be in the Newport Beach post office by the morning of May 8, it was announced.

The Newport Beach cachet will show a map of the route followed, drawn in Spanish style, with a picture of the seaplane used by Mr. Martin in 1912 and also a cut of the China Clipper of today, built by him. It is also being arranged that the mail will receive the rare cancellation used by the Balboa island post office, a stamp containing thirteen stars.

## PUBLIC SCHOOLS WEEK OBSERVED BY GARDEN GROVE STUDENTS

GARDEN GROVE, April 28.—Public Schools week was observed on Monday evening, when members of fraternal, social and civic organizations of the community gathered for a picnic supper in the high school gym and later attended a program in the main auditorium.

The auditorium was filled to capacity for the entertainment which had been arranged by L. L. Dog, program chairman. J. A. Knapp, in behalf of the Masonic lodge, which sponsors this annual affair, gave the address of welcome. Following the selection, "Entrance and March of the Pears," by the high school orchestra, the elementary girls' glee club, under the direction of Miss Opal Knox, sang "The Quiet Night" by Aht and "In Spring," a folk song, Miss Marjorie Allen and Edwin Moore were soloists. Both were accompanied by Miss Helen Meyer.

Twenty girls in Miss Carmelita Rous' physical education class gave a demonstration in correct posture and demonstrations in first aid were given by girls and boys of the Washington school eighth grade. The use of the recording machine in the music department was explained by H. Leland Green, who also led the community singing.

In the main building, exhibits were on display of art, pottery and woodcraft by high school students and the adult education department. Mrs. Echols announced chairman of committees as follows: Mrs. E. G. Allen, publicity; Mrs. T. J. Holt, membership; Mrs. D. S. Jordan, hospitality; Mrs. Ernest Littlejohn, budget and finance; Mrs. C. E. Olson, welfare; Mrs. J. V. Kelsey, parent-education; Mrs. J. L. Mitchell, publication and magazine; Mrs. Conrad Schreff, association goal. Other chairmen will be announced later.

The retiring president, Mrs. J. G. Allen, who has served in that capacity for the past two years and had received her past president's pin last year, was presented with a set of water glasses.

## HOUSE VOTES TO BOOST TVA FUNDS

WASHINGTON, April 28.—(UP)—The house voted today to increase the Tennessee Valley authority appropriation under the \$79,000,000 deficiency bill to \$44,166,720, a gain of \$4,000,000 above the appropriations committee recommendation.

The increase in TVA funds was voted in the face of strong administration economy efforts.

## S. F. JURY TO HEAR BAIL BOND BROKER

SAN FRANCISCO, April 28.—(UP)—Peter McDonough, bail bond broker, referred to by Edwin N. Atherton, special investigator, as the "fountainhead" of civic corruption in San Francisco, was scheduled to appear before the grand jury for the second time tonight for questioning.

Prior to McDonough's appearance, however, it was expected the

## NOTABLES SEEN, ARNE TALKS AT CLUB MEETING

Paying an unofficial visit to the Santa Ana club Dr. Ernest Basher, governor of the California-Nevada district Kiwanis, was the honored guest of local clubmen at the meeting today.

Governor Basher was accompanied to Santa Ana by William Woodham, first governor of the California-Nevada district and past president of the Los Angeles Kiwanis club; Del Schweitzer, first president of the Los Angeles club; Otto Paris and Ben Wright, past presidents of the Los Angeles group and Preston Leslie.

The visitors, with the exception of Governor Basher, were introduced by Harry Petermeyer, program chairman. President R. R. Newcom introduced the honor guest.

Speaks of Ideals  
Charles Arne, past president of the Los Angeles Kiwanis Club, president of the Los Angeles Advertising club and advertising director of the Illustrated Daily News, was the principal speaker.

Arne introduced his topic as "The Strange Interlude" which he said described the life of the present generation into which Kiwanis dovetails as the organization that is helping to restore the lost confidence and ideals of humanity.

"We are a bewildered generation living in the most peculiar period of the world's history," he said. "Living in a period of superlatives there has been a tremendous change in all our lives. Between the years of 1900 and 1914 we experienced the greatest era of peace, opportunity, growth, idealism and security the world had ever known. Then we were projected into the greatest war in the world's history. A new era followed, bringing with it strange complexities into every day life, baffling uncertainty, fear, the need for understanding and help in restoration of confidence. To me Kiwanis fulfills this need through enlisting men who accept their responsibilities and are not exploiters or 'buck passers.'"

## WAIVES HEARING ON BAD CHECK CHARGE

T. O. Hunt, Santa Ana, charged with non-support of a minor child and issuing of a \$15 fictitious check to a local woman, was arraigned before Judge Kenneth Morrison in Santa Ana justice court today. He waived preliminary hearing in connection with the check charge and bail was fixed at \$1000. He agreed to answer to arraignment Friday, at 9 a. m., on the second charge. Bail was fixed at \$500 in connection with the second offense.

Charles E. Skaggs, 31, 1011 West Second, Santa Ana, guilty of non-support of a minor child, was given a one-year suspended county jail term, ordered to pay \$30 per month, stay away from liquor and remain in the seven southern counties for two years.

Boy Bound Over As Extortionist  
CHICAGO, April 28.—(UP)—John Ruzas, 18, who demanded \$500 of his "dream girl," Ginger Rogers, was arraigned before U. S. Commissioner Edwin K. Walter today and bound over to the grand jury on extortion charge. Bond was set at \$3000.

# AFRAID to Love

CAST OF CHARACTERS  
JOAN BARRETT, heroine, secretary to John Hendry.  
JOHN HENDRY, mining investor, her boss.  
BOB ANDREWS, Hendry's friend, miner and John's fiancé.  
SYBIL HENDRY, John's sister, Hendry's niece and Joan's rival in love.  
PHILIP HENDRY, Sybil's brother.  
DOROTHY STARK, Joan's girlhood friend.  
CHARLES NORTON, California mining promoter.

Yesterday Joan and Bob discussed marriage plans and Joan is disturbed when her leaves for California on a mining stock investigation.

**CHAPTER VII**  
LATER, they discussed it over a late luncheon at the Green Hills Inn. They had driven out from town together in order that Bob might pick his things and be ready to leave for the airport at six.

"Just when we had everything practically settled," Bob said gloomily, "this had to come up. I had no idea he would ask me to go. Usually he looks into all new properties himself."

Impulsively, Bob turned to Joan. "Will you marry me, dear, as soon as I get back?"

Only for a second did she hesitate. Then:

"Yes, Bob, I will," she told him quietly. "Whenever you say."

Under the tablecloth, his hand tightened over hers.

"I suppose we could be married today—and honeymoon in California."

"No—not there!" Joan cried quickly, too quickly.

Bob looked at her curiously.

"Why not? California's a beautiful place. However, a mining camp is hardly the best spot in the world to take a bride."

He grinned. "I'd have a worse time out there trying to keep you to myself than I did here the other night."

Joan breathed easier. "Where is the mine?" she asked contentedly.

"About 60 miles east of Sacramento. Forty miles from the nearest railroad station."

"Is it so urgent that you go right away?"

He nodded. "So it seems. The Bella Terra—that's the mine—is being offered at a sacrifice now. If the owners hold on to it until spring, the price will be doubled. Confidentially, it's as good as theirs. I wonder why they're rushing us into such a quick sale. It sounds fishy somewhere."

Joan looked up in quick surprise. "Surely Mr. Hendry would realize that," she said.

"Apparently he doesn't. This fellow Norton—the one who is promoting the sale—is an old

friend, and Hendry believes in him."

"Don't you?"

"Not particularly."

"Why not? Do you know him?"

"I met him when he was east about four years ago, and—well, he's just one of those people I don't like. However, I may be all wrong." He blew a smoke ring toward the fire, dismissing Mr. Norton with it.

PRESENTLY, with less seriousness, he suggested: "Suppose we forget the Bella Terra, my darling, and consider the future Mr. and Mrs. Andrews."

Joan smiled wistfully. "Mrs. Andrews," she murmured. "It sounds so—so safe."

Unconsciously they drew closer to each other. The coffee in their cups grew cold, but they did not realize it. In the fireplace, the logs crackled with promise, and the flames drew bright pictures of the future.

A moment later Bob looked up and saw Sybil Hendry enter the dining room. She walked toward them, apparently with the intention of taking the next table. Then, carelessly raising her eyes, she saw them.

"Hello, Sybil," Bob greeted heartily.

"Bob!" Sybil raised her eyebrows in surprise. "It is nice to see you. And Miss Barrett! How are you?"

"I suppose we could be married today—and honeymoon in California."

"No—not there!" Joan cried quickly, too quickly.

Bob looked at her curiously.

"Why not? California's a beautiful place. However, a mining camp is hardly the best spot in the world to take a bride."

He grinned. "I'd have a worse time out there trying to keep you to myself than I did here the other night."

Joan breathed easier. "Where is the mine?" she asked contentedly.

"About 60 miles east of Sacramento. Forty miles from the nearest railroad station."

"Is it so urgent that you go right away?"

He nodded. "So it seems. The Bella Terra—that's the mine—is being offered at a sacrifice now. If the owners hold on to it until spring, the price will be doubled. Confidentially, it's as good as theirs. I wonder why they're rushing us into such a quick sale. It sounds fishy somewhere."

Joan looked up in quick surprise. "Surely Mr. Hendry would realize that," she said.

"Apparently he doesn't. This fellow Norton—the one who is promoting the sale—is an old

"Yes. Seven o'clock from Newark airport."

SYBIL looked at Joan sympathetically. "That is sudden, isn't it? Uncle John might have permitted you the week-end together. Miss Barrett—or do you mind if I call you Joan?"

"I should love it."

"Joan, then," Sybil smiled graciously. "Why don't you spend the week-end with me? My brother is out of town for a while and I shall be all alone, too."

"Thank you, Miss Hendry."

"Do call me Sybil."

Joan smiled her acknowledgment of the charming patronage.

"It is nice of you, Sybil," she said, "to want me. But," and she lied deliberately, "I did plan to be with some friends on Long Island."

"Oh, I am disappointed," Sybil said. She hesitated a moment, then asked brightly: "Will you have tea with me then—some afternoon next week?"

"I should be delighted."

"Shall we say Wednesday?"

"I really must run along. I promised to see Uncle John.... Goodbye, Bob. Good luck on your trip. Goodbye, Joan—until Wednesday."

As they watched her drive off, Joan said to Bob:

"You know I lied about my week-end on Long Island?"

"I thought so. Why?"

"I don't know. For some reason, I'm just a little afraid of Sybil. I wasn't quite sure she was asking me. It seemed as if Mr. Hendry might have suggested it."

"Maybe he did," Bob agreed. "But Sybil was sincere enough. I understand how you feel, though. I've always been a little afraid of her myself. She's so coldly correct.... However, she has been a very good friend to me, whether her uncle suggested it or not. Whatever social success I've had here in Green Hills, I owe to her. She launched me, so to speak. It's helped me to many a good contract in business, too. She's really a fine girl, Joan. I know you'll like her when you know her better."

"Of course."

Nevertheless, Joan felt that she could never feel a genuine friendship for Sybil Hendry. She felt strangely apprehensive, too, about the tea she was going to have with her on Wednesday, although she did not know why. Neither did she know that she was going to look back on that afternoon forever and realize that Sybil's tea marked the beginning of all her unhappiness.

FINANCIAL AND MARKET NEWS

## NEW YORK STOCKS

NEW YORK, April 28.—(UP)—Stocks today broke to new lows since last October in heavy selling.

Selling was particularly heavy in the last half hour. Tickers plunged to new depths. Tick-ers fell several minutes behind.

Short selling was a factor, but more important was margin selling and uncovering of stop orders. There was some liquidation of accounts and stocks were dumped on the market.

The break was ascribed mainly to the latest warning against speculation issued in Washington. Some traders sold also in anticipation of a rise in the price of gold.

U. S. Steel preferred. They had anticipated full payment of arrears of the issue even if it were necessary for the corporation to draw on surplus.

Millions in market values were lost as leaders sank 1 to more than 5 points. One high-priced issue lost more than 15.

Heavy losers were steel, motors, and nonferrous metals. Motors and utilities slipped to new lows. U. S. Steel common touched 10, off 7.

Bethlehem lost 5 points to 82. U. S. Smelting was down more than 5.

Included in the list of first preferred 100, off 15; Home-estate Mining 36, off 10; Rubber, off 5; and Yellow Truck 23, off 1.

Issues that may be new for the year longer included American Smelting, Anaconda, Atlantic Refining, Chesapeake, Chrysler, Du Pont, American Telephone, Western Union, Paragon, Standard of New Jersey, Warner Brothers Pictures and Transamerica.

# A VAST ESTATE, yes sir, and all for \$2,000. You may not think it so vast but try farming 56x134 feet and you'll change your mind. Aside from the land there are two small houses, two not one. One is perfectly livable, the other with little expense can be made into a home. With the farm, the income from rental, one should be quite well, don't you think? We've heard something about someone making a stake by raising flowers. This is walking distance from downtown Santa Ana but we'll at least supply the car to show you. No. 8009.

713 North Main — Phone 1353

## Ray Goodcell

OPEN FOR INSPECTION

From 2:00 to 4:00 Wednesday, Thursday, Friday and Sunday, to prospective buyers only. This beautiful 8-room ultra modern home located at 2510 N. Park Blvd., has two tile baths and shower. You will find this home surprisingly pleasant. Has double garage, beautiful landscaped and flowered yard. Barbecue in a dear little setting, sprinkling system, etc. This property has an FHA loan of \$4000 at 4% rate. Reason for selling, larger home is required. Will accept clear North side lot as part payment.

DRIVE CAREFULLY  
—SAVE A LIFE—

### A VICIOUS BILL

The bill, known as A. B. 1427 is proposed in the State Legislature, declaring that members of the California Highway Patrol cannot exercise any police functions other than those set forth in the General Code, gets down to what labor wants.

It specifies that the patrolmen "shall have no authority and are hereby expressly forbidden to make arrests in labor disputes or in preventing violence in connection with strikes. They shall not perform any duties whatsoever in connection with labor disputes, strikes or boycotts, and shall not congregate or act as a unit in one county to suppress riots or to preserve the peace."

We must learn, if we are to have a true democracy, what people's rights in property consist of and what they do not consist of. There is great confusion on this subject.

### CLOSING HOURS

There has been considerable discussion among local merchants as to the hours that stores should be open.

It seems to be the popular idea that we can work less and have more. In considering this matter, it should be remembered that wealth consists in producing and having it where people want it and when they want it. To limit the time that a man who is busy working can buy what he wants is reducing the services to the working class.

There is of course great difference in different lines of business. Some lines need not be open nearly so long as other lines selling a different kind of merchandise. There seems to be no need of uniformity of closing hours for different lines of business.

Of course, if the merchants and clerks have all the comforts and luxuries of life they need, there is no reason why the shops should stay open long hours but it should be remembered by every working man that his purchasing power comes from his production. If he limits the hours he dare produce, his ability to consume eventually will be reduced.

### DON'T GIVE UP HOPE

News from Washington yesterday to the effect that the Rivers and Harbors Congress had delayed action on Orange county's \$13,000,000 flood control project was somewhat discouraging to flood control leaders of the county. However, this does not mean that the program will not be approved eventually.

There is little doubt but what it is going to be harder and harder to get money from the federal government. But the Orange county project ties in closely with a statewide flood control movement that is now before the Rivers and Harbors Congress. It has the backing of Herbert Legg, Los Angeles county supervisor and a member of the congress. Before going to Washington he told the writer of state-wide plans that included the Orange county project. He said he was confident that it would be approved and declared that the Orange county plan undoubtedly would be approved.

The projects committee of the congress classified the local one among those listed for further survey. A further survey by the committee, army engineers or government engineers would only bring home the necessity for flood control in this county. It means the salvation of the county, its crops, its industries and its people. For this reason it will be approved either now or later.

We have worked for years for flood control. We have waited and we can wait some more, but we know that in the end we will get flood control.

### PUBLIC SCHOOL WEEK

This week we observe public school week. It would seem to us that this should not be a week of celebration but a week of critical analysis. There is no question the public schools should be the most important factor in the lives of all of us.

The motive back of establishing public schools is of the highest. The purpose of course, is to be helpful to our children. The motive being so deep-seated and possibly emotional, makes the proper operation of the public schools one that also is very dangerous.

The problem of properly selecting leaders and instructors for public institutions is the paramount problem facing parents. The difficulty comes from the fact that most people believe only what they wish and, therefore, they select instructors and teachers who believe as they do—only what they wish.

It is this condition that adds to the great danger of whether or not our children are being intelligently instructed.

Under an aristocracy, if the head of the government is a man who is able to see what will happen before it does happen, that is, a scientist and a humanitarian philosopher, the instructors invariably are different from those under a democracy where the teachers are selected by the voting majority, whether directly or not.

Public schools absorb a large part of the energy of our children. To have a large part of their energy taken up in a manner that does not develop the character and the intellect of the student is about the worst thing that can happen to a society as it results eventually in the overthrow of a government. We can have a good government and a high standard of living only when the people are intelligent enough to permit real leadership.

So this public school week, instead of being a week of patting people on the back and satisfying the feeling of self-importance of the parents who are sending their children to school and believe in so doing they are doing the very best for their children, should be a week of analysis, of study, of examination and of a resolve that every citizen who is acquainted with the masterpieces of the ages should use his influence, no matter how small it may be, to see that our children have as intelligent training as it is possible to have when our schools are run by the voting majority.

### HONORING GLENN MARTIN

Members of the Newport Beach Chamber of Commerce seems to have struck a harmonious chord in its plans to honor the twenty-fifth anniversary of Glenn Martin's flight from Newport to Catalina.

Some of the leading figures in aeronautics have signified their intentions of coming here for the subscription banquet that will be held the evening of May 10. Orville Wright, who made the first flight in 1903 with his brother Wilbur, is expected to be here. Higher-up officials of the army and navy aviation corps also will come.

Catalina is joining in with Newport Beach to honor the Santa Ana aviation pioneer—Glenn Martin.

Many of the old timers who remember when Martin took off in his pusher type, home-made plane in 1912 for Catalina have been invited to attend the banquet at Newport.

It should be a most interesting celebration for both Martin and his numerous friends in Orange County.

## The Nice Thing About Having a National Sport

ceed those of Los Angeles County or of Wayne County, Michigan—\$300,000; again showing that the idea that high income taxes reduce wages or cause unemployment is a fallacy.

In concluding you state: "We do not believe Mr. Walker can cite any government that practiced the kind of a graduated discriminatory tax on income resulting from production for a long period that lasted long." You might also have asserted, with confidence, that I could not cite any nation that had ever lasted long that used automobiles, airplanes, stream-lined trains, electricity, the x-ray or disinfectants.

The foremost nations collect graduated income taxes, and under that tax they enjoyed their greatest development, prosperity and progress.

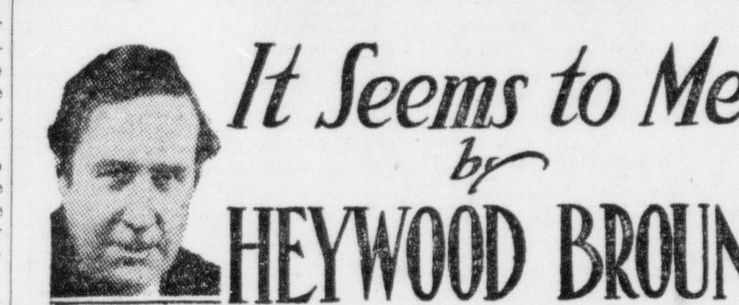

In my student days, on Market street, Philadelphia, I heard a street vendor, who was selling whetstones, as part of his sales talk, argue in favor of having the city pipes filled with beer instead of water. He reasoned: beer would not freeze—it would not get a chance to; it would be unnecessary to have a paid fire department—there would be plenty of volunteers; and that we frequently heard about water washing away bridges, buildings and live stock, and even drowning people; and he solemnly inquired: "Who ever heard of beer causing any such depredations?"

The arguments of conservatives on income taxes, the Supreme Court, and other topics, remind me of the logic of the street vendor.

SHARPLESS WALKER

Editor Register: I enjoyed the trip to The Register building. I thought it very nice of you to let the sixth grade of Lincoln school come to the building. The guide was very polite in showing us around. The guide showed us the most important things about the newspaper. The sixth grade is very grateful and appreciate your hospitality.

Yours truly,  
MARJORIE HILL.

## It Seems to Me by HEYWOOD BROWN

Congress has quit the Supreme Court fight for a moment to go into a pants controversy. At any rate, a little group in the House is all heated up because Mr. Gerard proposes to wear knee breeches at the coronation. And Mr. Gerard has magnified his offense by announcing that he will have his pants made in England.

He has given what seems to me a logical excuse in explaining that if he ordered knee breeches over here the tailor might hand him down plus fours. I doubt that the incident will cause international complications or even become a burning issue here in the homeland. The political effectiveness of underdressing the role begins to lose force.

There have been representatives and even a senator or two who gained votes by proclaiming about the hussings that never would they be found in the devil's livery of dinner clothes. But not long ago President Roosevelt was chosen by some tailors' organization as one of the best dressed men in America, and this tribute does not seem to have wrecked his administration.

The Customs of the Country At the last Gridiron dinner John L. Lewis sat at the head table wearing tails and a white tie. And the suit fitted at least reasonably well. On external evidence, at any rate, I would hazard the guess that it was not a costume borrowed or rented for the occasion.

I do not think that John L. would fare particularly well in any ready made garment, for I know that it is hard to find such sizes in stock.

## PARAGRAPHS

By Robert Quillen

Good is always easier than bad. You fall IN love but you have to wear OUT.

How dreadful to see nice college girls yowling for red radicalism, just for want of a little loving.

Policy of neutrality: Our pledge to the world that we'll stand by and watch the strong abuse and rob the weak.

Nature adjusts things; and if the lady isn't interested in men, her appearance keeps men from being interested in her.

Private profit is never abolished. In America the big shots get it from customers; in Russia they get it from taxpayers.

A BORE IS A PERSON TO WHOM YOU SAY, "HOW DO YOU FEEL THIS MORNING?" AND HE THINKS YOU WANT TO KNOW.

Fable: Once a husband discovered his breakfast cream was sour and didn't seem to regard it as a personal insult.

In their eagerness to make the children perfect, loving parents give them almost everything but example.

Other animals have no voices. You see, none has yet worked out a scheme to make his brothers gather rations for him.

Anyway, the handling of the labor row ended all worry about the government's ability to stay neutral in time of war.

Never deny it. If you don't build a big business, you're a failure. If you build a big one, it ceases to be private property.

The radical and conservative are like the caterpillar and the butterfly—just the same creature in different stages of development.

SO LIVE THAT YOU WON'T YEARN TO SKIN JUNIOR WHEN HE UP AND TELLS THE TRUTH BEFORE COMPANY.

Yes, the economic royalist is made rich by using other men. And that is the way a great leader is made great.

The great threat to liberty is not the one publicised, but the public's indifference when "great" men are crooked.

Never deny it. When the other fellow says you are vain or something and you say of course you are, he never has any answer.

Heathen think it a virtue to punish themselves, but what of it? Civilized men studies the books called classics.

## OUR CHILDREN

BY ANGELO PATRI

### BUILD UP THE FAILING CHILD

"You don't mean to tell me that you have another note from the teacher? Poor in reading; weak in arithmetic. Well, you'll just have to stay in and study. That's all. Change your clothes and sit down at that table and learn your lessons."

"I'm tired of lessons. Teacher kept me in all recess time. She made me write all my tables five times over. My head aches. I want to go out."

"If you want any playtime you'll have to learn your lessons. The teacher can give you extra work and you can do it Saturday, too. If you don't work you'll be left back. You have to study. I mean it."

It is bad enough for a child to fail in school. He wishes he could succeed and do as well and better than the others, but try as he will he cannot come up to the standard. He feels bad about that. The other children will smile at him and call him Dummie and the like behind his back. They pass the word along from home to home until Tommy Arkley doesn't know anything. Teacher said so.

Adding to his humiliation the punishment of more work which he cannot do, depriving him of fresh air and exercise which might make him more fit, sends him deeper into the Slough of Despond. He grows duller under the cure instead of brighter. Such treatment doubles his grief, insures his failure. It is unjust and it is cruel. One would not put a double load on a lame horse, but a failing child is the most overburdened of all the children.

Lessen the load of the failing child. Give him fewer and easier examples than those given the other children. Give him more time for play and the open air. Relieve the pressure of the classroom from him as often as possible. Give him five minutes of cordial, intelligent help every day. Praise him for what he can do, and do not punish him for what he cannot do. He will take heart and try again and succeed to a greater degree.

The first thing to do in helping a failing child is to build up his physical and mental health. Feed the failing child. Give him plenty of happy play with cheerful companions. See that he gets enough rest. Look him over every six months or oftener, and correct any defects that show. Poor vision, slight deafness, obstructed breathing passages, malnutrition, bad teeth, are all contributing causes to backwardness.

Equally important is the mental health of the child. Good mental health is shown in the child's attitude. If he is mentally well he is happy. He wants to work. He accepts failures, faces them and overcomes them if aided a little by help and encouragement, particularly encouragement. Mental health is marked by an absence of all forms of fear such as meaning, movements, self-consciousness, stammering, retreating from difficulties, trifling complaints about illness, dread of the dark. Fear is an unmistakable symptom of poor mental health. How to cure it?

Physical and mental health are so closely bound together that it is not possible to treat one without treating the other. Building up sound physical health helps mental health. Teaching a child to think wholesomely, to feel himself adequate, appreciated, useful, will help his mental health and reflect strongly upon his physical condition. Build up the failing child and forget about the punishment drills.

Mr. Patri will give personal attention to inquiries from parents and school teachers on the care and development of children. Write him in care of this paper, enclosing a three cent stamped, self-addressed envelope for reply.

## News Behind The News

By Paul Mallon

### WHERE?

WASHINGTON, April 28.— Industry is continuing to swell its output even beyond 1929 bounds. You may have noticed the Federal Reserve board officially announced the other day that industrial production had reached 119 per cent in March, as compared with the 1929 average of 119. Now, it is being estimated unofficially but authoritatively here that April will be up 3 points more to about 121 per cent, which is 2 points above 1929. This makes the question of where we are going a matter of acute immediate concern to the powers-that-be.

Bigwigs in the stock market generally know about changing trends before outsiders. At least that is their business. From the manner in which the market has been acting lately, it is evident that they sense a recession.

This guess is sanctioned by nearly every economist in the government, but only in private, of course. The economists seem to agree unanimously that a period of readjustment is in prospect, that it probably will not be extensive or serious. They disagree about when it will come; some say now, some say in the fall.

A rather significant hint apparently lies in the fact that prices, which have been going up steadily since last summer, reached a peak four weeks ago and have been easing steadily downward since that time.

### UN-JACKING?

This may mean that expanding production has reached a temporary price ceiling, but authorities who value their record for accuracy will wait a few weeks before saying so in print.

For one thing, the reversal of the price trend started in a peculiar way. Immediately after President Roosevelt announced that heavy goods prices were too high, some of the heavy goods' values started easing off. At the same time weakness was noted in foreign markets.

Down since April 3 are copper, rubber, cotton, wool, silk, lead, rye. Copper is off 2 1-2 cents from 17 to 14 1-2; cotton off 1 1-3 cents; rubber off 4 from 27.

But commodity prices generally failed to follow this trend. The index of all commodities, except farm products and foods, kept going right up from \$4.4 on February 27, to \$5.8 on March 27 and to \$6.5 on April 25. Also going up are textiles, metals, building materials.

Until these still-increasing prices decide what they are going to do, the general trend will be in doubt. But there are indisputable indications that the sensitive speculators have lost some of their enthusiasm. Their ardor is cooling, both here and abroad.

NOTE—Of course, few of these price decreases have reached the consumer yet. All cited are wholesale prices.

### NOTES

What General Franco is trying to do is to clean out Bilbao before turning back again to Madrid. He realizes at last the danger to his communications by the sizable force of Loyalists in the rear. Millions men think he had better hurry. Each passing day gives the Loyalist strength while Franco is entirely dependent on the arrival of fresh aid from outside forces.

Those new secret treasury tax revision recommendations were prepared by Under-Secretary McGill, instead of Treasury Council

I have any the day after,

### MODERN INCOME TAXES

Editor Register: In replying to my answer to editorials on the Income Tax, you display rare skill in polemical incantation and sophistry.

First, you assert that Kennan, Callaux and Muller, who wrote on the Income Tax, are not authorities, because their names do not appear in Who's Who and Encyclopedia Britannica.

Then you proceed to contend that Bryan, LaFollette, Wilson, and Theodore Roosevelt, whose names appear in those publications, are not authorities.

One may well wonder what difference it makes whether Kennan, Callaux and Muller appeared in Who's Who or Encyclopedia Britannica or not, if the fact that they did appear there would not indicate they were authorities. Their names may be found in the New Internat. Encyc., in the Bibliography under Income Tax.

After referring to the list of statesmen, publicists and economists I had named, you by way of disparagement intimate that certain labor union leaders also favor income taxes. With apologies to the labor union leaders, you probably would have considered it unfair and illogical argument, if, after naming Aldrich, Penrose, Crane, Coolidge and Mellon as opposing income taxes, I had reminded that Al Capone and the mobs of New York and Chicago gangsters—described by the Manchester (England) Guardian as having "the characters of brigands, and as unscrupulous as big business in a high hat"—also opposed and declined to pay income taxes.

In my humble opinion, Bryan, LaFollette, Wilson, Pinchot, Walsh, Norris and the two Roosevelts are the ablest statesmen, publicists and economists active in public life in the United States within the present century. Recent polls indicate that 70% of the people now believe that it was a mistake for this country to enter and prolong the World War, instead of using its influence to end it. After 20 years, the people have finally learned what Bryan, LaFollette, Walsh and Norris knew before our declaration of war.

Further, you assert that they never personally attempted to carry out their economic theories. You surely do not mean they did not pay income taxes. Woodrow Wilson and Theodore Roosevelt had large incomes from their writings after 1913. Bryan left an estate of \$200,000, and, casually, had ample respect for the dignity of a dollar.

That they did not have sustained practical experience as industrialists or active business men is true; but those who master the details of a business or industry are seldom familiar with the science or higher philosophy thereof—for the same reason that a drill sergeant would not be likely to conceive and plan the military campaigns of Caesar or Bonaparte.

One of the rare exceptions was David Ricardo, a practical London banker and broker, who wrote on finance and economics. He announced the "qualitative theory" of money: that prices result from the balancing of two supply and demand relations—the supply of and demand for commodities, and the supply of and demand for money.

Again, in alluding to the income tax you allege: "It will lower the standard of living because it consumes the 'seed corn'—the capital—that should be used to enable the

workers to produce more, and therefore, later receive better wages."

Let us recall that in America fortunes were created, and large fortunes became incomparably larger, in the 24 years since the income tax was enacted in 1913. The Rockefeller fortune was then less than \$200,000,000. It is now at least a billion.

The Fords began with less than \$2000 capital. Their fortune was not large in 1913, but since then it has grown to a billion. What a comfortable fortune the Fords might have gained, had the income tax not consumed their "seed corn." An investment of \$500,000 by the Mellons in aluminum manufacture prior to 1913 had grown to \$300,000,000 in 1926, and has since expanded greatly, with branch manufacturing in Canada and Europe; so the Mellons were able to save some of their aluminum "seed corn."

It will be remembered that under high income taxes during and after the war high wages were paid, and that from 1921 to 1931 income taxes were reduced by three methods: (1) by refunds totalling \$2,939,000,000 of taxes already paid; (2) by reducing taxes in the higher brackets nearly one-half in 1926; and (3) in 1931 by eliminating income taxes entirely "to finance industry"; yet wages went down and unemployment reached an all-time high, which shows that income taxes paid out of enormous profits have nothing to do with the employment of labor or the payment of wages, after industry is established.

In 1932 we had practically no income taxes and had 15 million unemployed. France then levied income taxes as high as ever; yet in 1932 she had 15 million unemployed and her total unemployed did not ex-
